

LEAGUE PACT NOT PART OF PEACE TREATY

WILSON ARRIVES AT FRENCH PORT

President and Party Land at Brest and Leave in a Few Hours for Paris.

IN EXCELLENT HEALTH

American Executive Seems to Have Been Benefited by Period of Rest and Acknowledges Greetings of Soldiers.

Brest, March 14.—President Wilson and the party which came with him from the United States have left Brest for Paris.

Though numerous decorations had been hung out to welcome the return of the President, his reception was entirely without ceremony. Those who went aboard the George Washington to extend their greetings were the French ambassador to the United States and Madame Jusserand, M. Leygues, minister of marine, and several other representatives of the French government. Major General Eli A. Helmick, and Brig. General William Harts.

Colonel House at Dock. Colonel House met the President at the dock.

President Wilson was in excellent health, apparently having benefited by his period of rest.

The presidential party came ashore on an American tug. Mrs. Wilson was presented with a bouquet by M. Leygues. There was a little flurry of mist during the trip from the steamer, but this lasted only a short time.

The George Washington sailed into the harbor at 7:45 o'clock.

Immense crowds of American soldiers stationed at Brest endeavored to get a view of the President, and the moonlight afforded an excellent opportunity, aided by extra lights which had been installed for the occasion.

Soldier Greeting Acknowledged. The soldiers awaited the President eagerly and he raised his hat as he observed their anxiety. Mrs. Wilson, followed the President, smiling graciously as she proceeded along the walk between the quay and the train.

The President inspected the French guard of honor, consisting of several companies of French marines dressed in their picturesque uniforms, who were standing at "present arms." The President smiled at the men amiably and then complimented their commander. This was the last of the meager ceremonial before the President entrained for Paris.

LIEUT. COL. ROOSEVELT

Still Suffering From Machine Gun Bullet Wound.

Lieut. Col. Theodore Roosevelt, who went to France in the summer of 1917 as a major in the Twenty-sixth infantry, and who subsequently commanded that regiment, returned as a casual. Colonel Roosevelt still is suffering slightly from a machine gun bullet wound in the leg.

SPEEDY PEACE OR ANARCHY

Resumption of European Production Necessary, Says Vanderlip.

Paris, March 14.—"I doubt if America has begun to comprehend the seriousness of the appalling situation which confronts Europe and the wreck which the whole fabric of civilization may be facing," said Frank A. Vanderlip to The Associated Press. He has been investigating conditions in England and France and will continue his inquiries in Switzerland and Italy.

"America was once told there might be peace without victory," he said. "What we have is victory without peace. Production has ceased and unless production speedily can be resumed, one's imagination cannot comprehend the chaos which may ensue."

EXECUTIONS AT PETROGRAD

Anarchists Slay Relatives of Officers Opposing Them.

Stockholm, March 14.—All the relatives of the officers of the Eighty-sixth Russian regiment, which went over to the White Guards as against the Soviet government, have been executed, according to a dispatch from Petrograd. The executions were ordered by the military revolutionary committee of Petrograd.

Little Airplane That Flies One of Many Toys Wounded Soldiers Are Taught to Make

Wounded soldiers at the Dayton, Ohio, Hospital are being taught to make a variety of toys. They range from dolls and Noah's arks to intricate mechanical contrivances. Captain Evans, connected with the hospital, is shown here with one of the airplanes they are turning out in

Pres. Wilson Very Busy at Paris

BY FRED S. FERGUSON, (United Press Staff Correspondent.)

Paris, March 14.—With President Wilson's arrival in Paris today the machinery was set in motion for the rapid consummation of the preliminary peace treaty. The scheduled meeting of the supreme war council was cancelled to permit a series of rapid fire conferences by the president, Premier Lloyd George, Premier Clemenceau, and other leaders. Practically all the peace work was centered about the president. All details of the treaty have been virtually completed by the various committees. The main problem is that of reaching a final agreement.

The president arrived here from Brest shortly before noon looking greatly rested after his voyage.

American Troops Clash With Japanese

(By United Press)

Washington, March 14.—American troops clashed with the Japanese police and civilians at Tien Tsin, American Minister Reisch reported from Peking to the state department today. He has sent the first secretary of the legation to Tien Tsin to investigate. His cable did not indicate whether the troops were marines or soldiers and did not disclose the time of the incident. The cause of the trouble was not revealed. The text of the cable was withheld.

Martial Law at Barcelona

(By United Press)

Madrid, March 14.—A state of siege was proclaimed in Barcelona today owing to the strike developments there.

Bolsheviks Expect to Recapture Archangel

(By United Press)

Helsinki, March 14.—The bolsheviks expect to recapture Archangel by May 1, an official communique from Boston announced.

(By United Press)

Paris, March 14.—The new map of Germany will be completed by the end of this week, according to Captain Tardeau the official spokesman of the French government.

He expressed openly that the league of nations will not be a part of the preliminary treaties of which there will be four, one each for Germany, Austria, Turkey and Bulgaria.

MORE SAMPLES OF HUN KULTUR

BY FRANK J. TAYLOR, Staff Cor. United Press

Berlin, March 22.—More than a hundred Spartacus chained together in the prison courtyard were shot down by machine guns this afternoon. War Minister Noske has ordered that all Spartacus prisoners shall be executed similarly. Government troops completed the capture of Lichtenburg today. The railway station was taken by storm. Spartacus suffered 200 casualties in the attack.

Wets Striving for 2 Per Cent Beer

(By United Press)

St. Paul, Minn., March 14.—The final efforts of the wets to have two per cent beer was made when the prohibition bill came up in a special order in the house today. The debate still continues.

BUREAU LACKS FUNDS

United States Employment Service Reduces Its Force.

Director General Denmore Gives Failure of Congress to Provide Means as Reason.

Washington, March 14.—Reduction of 80 per cent in the force of the United States employment service, effective March 22, was announced by Director General Denmore. This was made necessary, it was explained, by the failure of congress to provide funds to continue the work.

Mr. Denmore said the number of employment offices would be reduced from 759 to 55, but that none of the work in direct connection with the return of soldiers and sailors to civilian employment would be discontinued.

"The reduction of the employment service cuts it to the bone," said Mr. Denmore. "The special work in placing engineers and other highly trained men, persons handicapped by old age and physical disability, vocational guidance for juveniles, the trade tests for skilled workers, and the training of employment examiners must all cease March 22."

"The maintenance of a skeleton administrative organization in Washington and the states and the continuance of camp representatives, soldiers' bureaus and the clearance system, together with 56 branch offices, in strategic industrial centers, will, however, permit the directing of national employment work by the employment service and enable it to resume full operation when congress appropriates funds."

TO SUCCEED EARL READING

Winston Churchill May Become New British Ambassador.

Washington, March 14.—Winston Churchill has been mentioned in diplomatic circles as a possible successor to the Earl of Reading as British ambassador at Washington.

Churchill at present is air minister under the war portfolio in the British cabinet and is considered foremost among the younger statesmen of the British empire.

Swiss to Recognize New States.

Berne, March 14.—The Swiss government decided to recognize the Polish and Czechoslovak states and to establish diplomatic relations with them. Poland has already appointed Baron Modzelewsky minister at Berne.

Camp Johnston Is Retained.

Washington, March 14.—Camp Joseph E. Johnston, at Jacksonville, Fla., used during the war for training mer for the quartermaster's corps will be retained as a permanent military camp.

Geo. Creel Returns to Washington to Retire

BY ROBERT J. BENDER, (United Press Staff Correspondent)

Washington, March 14.—George Creel, chairman of the committee on public information, and during his term a storm center involving congress and the press, has returned to Washington to complete a report on his work and turn over moneys to the treasury preliminary to retirement.

In an interview today he covered almost everything from Washington to Russia in rapid fire dictation, declaring "Will Wilson win? Of course he will win. They might as well try to stop a tidal wave as to stem the world's demand for permanent peace and reduced armaments."

Red Cross Mission Marooned in Vienna

(By United Press)

London, March 14.—The American Red Cross mission to Poland is marooned in Vienna owing to an altercation between the Czechs and Austrians, according to information received at Red Cross headquarters here. Vienna is starving said the letter from Capt. France, a member of the mission.

FILIPINO MISSION COMING

Delegates Are Said to Be After Independence.

Honolulu, March 14.—The special Filipino commission seeking closer relations with the United States has arrived en route to Washington. It is understood the purpose of the commission is to promote the cause of Filipino independence, but the spokesmen declined a statement on this point, saying that Manuel Quezon, a member of the commission now in the United States was the only one authorized to talk.

Local Filipinos gave the committee a reception, assisted by a military band and several hundred Filipino soldiers.

FOES QUIT POLISH PARLEY

Germans Protest Against Their Treatment by Allies.

Paris, March 14.—The negotiations at Posen between the German delegates and members of the inter-allied mission to Poland over the Polish frontier situation have been broken off by the German delegates, according to the Berlin Tagesschau Rundschau as quoted in a dispatch to Le Journal from Zurich. The Germans have already left Posen "as a protest against their treatment by the Allies," the newspaper asserts.

SWAGER SHERLEY

Director of Finance for Railroad Administration.

The appointment of Swager Sherley, retiring chairman of the house appropriation committee, as director of finance for the railroad administration, has been announced by Director Hines. Sherley will take charge of the work about April 1.

MAKE GOOD PROGRESS

Peace Envoys Are Rushing Work on Final Treaties.

Four Separate Agreements With Central Powers Are in Course of Preparation.

Paris, March 14.—Capt. Andre Tardieu of the French Peace delegation held his usual weekly conference with the newspaper correspondents.

Responding to an inquiry whether it is possible the peace treaty will be signed by March 20, Captain Tardieu said he believed such a contingency quite impossible although he expected great progress to be made within the next week. Four treaties will be necessary, one each with Germany, Austria, Turkey and Bulgaria, Captain Tardieu explained, and these he said probably would not be signed together.

The treaty with Germany, being the most important, would be signed first. The others would be drawn along similar lines and would place a limitation of armament upon the Central Powers but there was less hurry in framing these, he added.

Asked if the signing of peace would permit Germany to resume commercial activity, Captain Tardieu said the financial and commercial sections of the treaty would contain important regulations of enemy trade, but that shipping will be resumed under certain reservations.

WEEKLY TRIPS TO SOUTH AMERICA

Shipping Board Is Constructing Steamships for General Trade Purposes.

BUILDING 22 VESSELS

Chairman Hurley Declares Accommodations Will Be as Fine as Those On Any Liner Traversing the Atlantic.

Washington, March 14.—Plans of the Shipping board for the establishment in the near future of regular passenger and freight steamships service between the United States and South and Central American countries, through the use of twenty-two 12,000 ton vessels now under construction, were disclosed by Chairman Hurley in an address at a meeting at the Pan-American Union of government officials interested in Latin-American trade.

"These ships," said Mr. Hurley, "will make weekly trips to the ports of Central and South America. Accommodations on these ships will be as fine as any trans-Atlantic liner. They must be made so in order to invite travel between North and South America."

U. S. Needs to Act Quick.

Chairman Hurley, referring to the necessity of inaugurating the steamship service at the earliest possible moment, said the ports of Buenaventura, Guayaquil, Callao, Iquique, Valparaiso, Buenos Aires, Montevideo, Rio and Laguna must be included in the service. Many of these ports, he said, had port facilities far superior to those in the United States.

New plans for cable and radio service with Latin America were referred to by Mr. Hurley, who said he would not be surprised if within a few years American concerns would be able to place orders in South America by wireless telephone.

Banks to Be Established.

Wm. P. G. Harding, governor of the Federal reserve board, another speaker, said the board was doing all in its power to foster relations between the two continents and had authorized a number of banks to establish branches in Central and South America.

Assistant Secretary of the Treasury Rowe said that England, worn by four years of war, could not meet Latin-American needs as rapidly as the United States. He said the present demand from South America for American goods was less than many business men expected, because the merchants of South America were loath to buy stock on a falling market and also because freight rates were still high.

FUNDS FOR RAIL EQUIPMENT

Federal Reserve Banks Will Rediscunt Drafts.

Washington, March 14.—Means of compensating equipment companies for locomotives, cars and other materials furnished the Railroad administration were provided by a ruling of the Federal Reserve board that federal reserve banks might properly rediscunt for their member banks, drafts drawn by the companies on the director general of railroads and acceptable to him. Such drafts could not have a maturity of more than 90 days and would be rediscouted at the prevailing rates of discount for trade acceptances.

BIG BILL AGAINST GERMANY

South American Claims May Reach One Billion Dollars.

Paris, March 14.—Estimates so far received from Latin-American governments indicate that the total bill for reparations from those countries will be approximately \$1,000,000,000. The claims are for ships sunk by the enemy, but some of the Latin-American countries are seeking the repayment of money deposited in Berlin and Hamburg banks and confiscated by Germany, especially Brazil, whose citizens habitually maintained large accounts in Germany because of the coffee trade.

REFUSES TO BETRAY PALS

Girl Accepts Twelve Years in Prison to Show Loyalty.

Philadelphia, March 14.—Twenty-year-old Florence Duke, motor bandit and "stool pigeon" of highwaymen was sentenced to 12 years' imprisonment for stealing automobiles. She refused an offer of clemency extended by the judge provided she would reveal the names of her accomplices.

It was testified that the young woman had confessed to stealing between 25 and 30 motor cars.

morning from the B. C. McNamara chapel.

George C. Seales, senior highway engineer of Minneapolis, arrived in Brainerd and in company with County Engineer C. L. Motl inspected the route of the proposed federal aid road from Brainerd to the Mille Lacs coun-ty line.

Miss Gooley, an expert demon-strator from Pittsburgh, has been de-monstrating electric range and Gaina-day washers at the Brainerd Electric Co., 718 Laurel street. Many ladies witnessed the demonstrations and were especially charmed to see how Miss Gooley cooked a pork roast to a turn at the same time that she was cooking peas, carrots, potatoes and string beans on the same electric range. So great was the attendance that to accommodate the ladies Miss Gooley will remain over Saturday and will demonstrate afternoon and eve-ning at the Brainerd Electric Co. All the ladies of Brainerd are cordially invited to attend.

Dispatch want ads measured 19 inches Thursday evening. There were 8 help wanted, 4 for rent, 12 for sale and 2 miscellaneous wants. Telephone your wants to the Dispatch Northwest 74, or mail the ad or have it sent to the office. Ads are cash, cent a word first insertion, half a cent a word each time thereafter.

CONTESTS PROMISE TO BE NUMEROUS

Contests over the recent election promise to be numerous on the range. According to the report of R. E. War-ren, former mayor of Trommald.

At Crosby the office of president or mayor may be contested. But one vote separates Harry Koop, victor, from Louis O. Berg, the defeated candi-date.

At Manganese the offices of clerk and president may be contested.

At Trommald it looks as though the whole ticket may be contested.

Card of Thanks

Mrs. Eflaw, Box 26, Bennett, Wis. writes: We have always used Foley's Honey and Tar for colds and find it great. The children all run for it when they see the bottle and ask for more. Contains no opiates, safe, and harmless, but gives prompt relief to coughs, colds, croup and whooping cough. H. P. Dunn. mwf

Roumania Borrows 5 Million More Washington, March 14.—A credit of \$5,000,000 in favor of Roumania—was announced by the Treasury department. This increased Roumania's credits to \$15,000,000 and those for all the Allies to \$8,841,150,000.

American School in Japan Burns. Tokio, March 14.—Seven hundred houses in Sendai, have been destroyed by fire. The destroyed buildings in-cluded the noted North Japan College of the Reformed Church of the United States.

To Remove Grease. The following method, described in Popular Science Monthly, has been substituted for the use of gasoline and other light oils: Boil the parts in caustic soda lye; one pound to a gallon of water; then brush while the articles are hot. Caustic soda is recommended as better than ordinary soda, since it causes the fat or grease to dissolve more quickly.

DISPATCH ADS BRING RESULTS

ROLL OF HONOR

Sergeant A. N. Brekke, recently honorably discharged from army service at Camp Dodge, Iowa, was in the city. He has now gone to his home at Rice Lake, Wis., for a visit.

Sergeant Edgerton H. Brooks, son of Mr. and Mrs. H. E. Brooks, has been honorably discharged from the army service and returned to the city on Wednesday. He was in the Min-nesota Quartermaster's Corps, and was in the service about eighteen months, stationed at Camp Logan, Houston, Texas.

Dick Johnson with the Army of Occupation in Germany, writes spring has arrived and the men are awaiting transportation home.

Mr. and Mrs. E. O. Anderson, 1202 E. Oak street, received word today that their son, Sergeant Axel A. An-derson has arrived from overseas and will be sent to Camp Dodge, Iowa, to receive his discharge.

Sergt. Adolph Klein, who was formerly employed at the Model Meat market and then served fifteen months at Camp Dodge drilling rook-ies, is visiting friends in the city. His home is in Benitaji.

A. W. Krech, a former Minnesotan was knighted by the French govern-ment in recognition of valuable ser-vices rendered during the war. Mr. Krech is president of the Equitable Trust Co. of New York, and a nephew of Charles Krech of Brainerd and brother of Freeman E. Krech, editor of the Aitkin Independent-Age.

Card of Thanks

We wish to thank most heartily our many friends, the different so-cieties of the Swedish Lutheran church, the Modern Woodmen, the Brothers of the International Brother-hood of Maintenance of Way em-ployees and the employees of the N. P. B. A. for the beautiful floral of-ferings and kindness and sympathy shown us during our sad bereave-ment.

Mrs. Peter Persson and son Walter.

"An Irish Lullaby".....Shannon Mrs. Mal D. Clark

Alfred C. Mraz

Tickets may be procured and reserved at H. P. Dunn's drug store Friday afternoon at 3 o'clock. Seats range from 50c, 75c to \$1.

Soldiers Prefer Office Work.

Washington, March 14.—The greater number of returning wounded soldiers offered the opportunity of taking educational work under the federal board for vocational education have shown a preference for courses fitting them for office work and educational careers. Those wishing study agriculture rank second, numerically.

Yale Nine to Play 25 Games.

New Haven, Conn., March 14.—For the first time in several years the Yale baseball team will open its season in New Haven without making an early Southern trip. It was shown by the Yale schedule given out. It comprises 25 games.

Peckinpough Comes to Terms.

Cleveland, March 14.—Roger Peckinpough of this city, shortstop of the New York Yankees, who was said to be a holdout, reached an agreement with Col. T. L. Huston.

MRS. JAMES SWAN GUEST OF HONOR

State Child Conservation Chairman Addresses County Council of Defense Ladies

24 LUNCH AT THE RANSFORD

Mrs. W. C. Cobb Made a Stirring Speech Favoring the League of Nations Plan

The County Council of Defense, Woman's Committee, held a meeting at the Ransford hotel parlors, Thursday, Mrs. L. P. Hall, county chairman, presiding.

The ward chairmen of Brainerd block-workers, were invited to be present at this meeting and also the wives of the local physicians. The guest of honor was Mrs. James Swan, state Child-Conservation chairman. Mrs. Swan gave an informal talk preceding the luncheon. At the luncheon covers were laid for twenty-four. Besides Mrs. Swan the out-of-town guests present were Mrs. Tate of Minneapolis, Mrs. Krelwitz of Pequot, Mrs. Neal of Deerwood and Mrs. Hall of Bay Lake.

At the session succeeding the luncheon a stirring speech in favor of the League of Nations was made by Mrs. W. C. Cobb. Miss English spoke of the work accomplished by the Woman's Council of Defense in the Nurse's Drive and Mrs. Gemmill gave a report of Miss Nielsen's work in France.

The hospitable courtesy of the hotel management throughout the meeting was much appreciated by the County Council.

LYCEUM CONCERT

Fourth of the Series to be Given at the Swedish Lutheran Church on Monday, March 17th

The fourth number of the Midland Lyceum Course, the Strollers Quartet, will be given at the Swedish Lutheran church on Monday evening, March 17.

This company was organized in 1906 and made its first appearance in towns and cities on the Pacific coast.

At the Top of the Ladder for "Class" Compound Syrup of Tar

Just ask for Lammon's Compound Syrup of Tar. Here is a remedy of splendid medical value adapted to the very quick relief of coughs, colds, hoarseness, bronchitis, loss of voice and certain pulmonary disorders. A wonderful preparation for an "after the flu" cough. Perfectly safe remedy for children as well as adults. It is a compound, the very name of which emphasizes its value for the purposes indicated. Hunt, search, seek where you will, buy, try and use any cough syrup you please, and when all is said and done there is only one suitable, safe and adaptable and that is Lammon's Compound Syrup of Tar With Extract of Cod Livers and Menthol.

EXCLUSIVE AGENTS FOR NYAL, A. D. S. AND SAN-TOX REMEDIES

const. These men are not only of first-class ability as singers and entertainers, but they have a high standard of what a lyceum program should be in giving it an artistic finish that has made the Strollers a standard of excellence.

Ross Crane, formerly president of the International Lyceum association says: "The Strollers unquestionably are one of the leading quartets on the platform, both as a singing organization and in their specialty and entertainment features."

The quartet includes W. G. Wells, baritone and pianist; V. A. Englund, second tenor and trombone; E. C. Farmer, bass and reader; E. O. Moore, first tenor and violin. The quartet has been described as a par excellence singing quartet with ample variety.

Single tickets can be had at the Polson Music Store.

Former Cannibals "Eat Up" the Movies

(By United Press) Los Angeles, Cal., March 14.—New Zealand Maoris, native Javanese and the cannibals of the south sea islands have developed a ravenous appetite for the American movie star.

Their appetite, however, doesn't crave blood. They want them on the screen.

WOMEN WILL LEARN TO FLY
(By United Press)
London, March 1 (By Mail)—English women who wish to learn to fly will soon have a chance to go to a regular flying school where only women pupils will be accepted. The schools is to be opened shortly near a popular Thames holiday resort. The fee for the full course in flying will be £25, machine included. Pupils buying a machine will receive instructions free. The faculty will be composed entirely of officers and men of the Royal Air Force.

Suffered for Eight Years
Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." H. P. Dunn.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

DISPATCH WANT ADS PAY

SHOPPING AT CLARK'S ON SATURDAY

n Our Big CHINA WARE Section

If you have not yet visited this department of our store, you are in for a pleasant surprise. We are quite sure that nowhere can you find a more complete stock of up-to-date patterns, and we are handling them in volumes big enough to enable us to buy at jobbers prices. Hundreds have candidly admitted that they paid more before the war than we are asking now, and we aim by right selling to make this department bigger and better every day.

Just Look at This!

Our "Majestic" pattern, Homer and Laughlin make, light weight semi-porcelain, with heavy gold edge and lace border, first selection, a complete 42-piece set which we have been selling fast at \$8.90, is offered for one day only at \$7.12 the set. Remember you can add to this set as you desire, and if you do not need the whole set, you can buy any part at a like reduction. Women cannot be fooled on china values and we want you to see this.

A Sale of Odds and Ends in Dishes

For years we have carried a few patterns of dishes of various makes. The patterns are broken and can't be replaced, and we have placed all these on a bargain table—cups, saucers, plates, platters, bakers, all are offered at your choice

10 CENTS EACH.

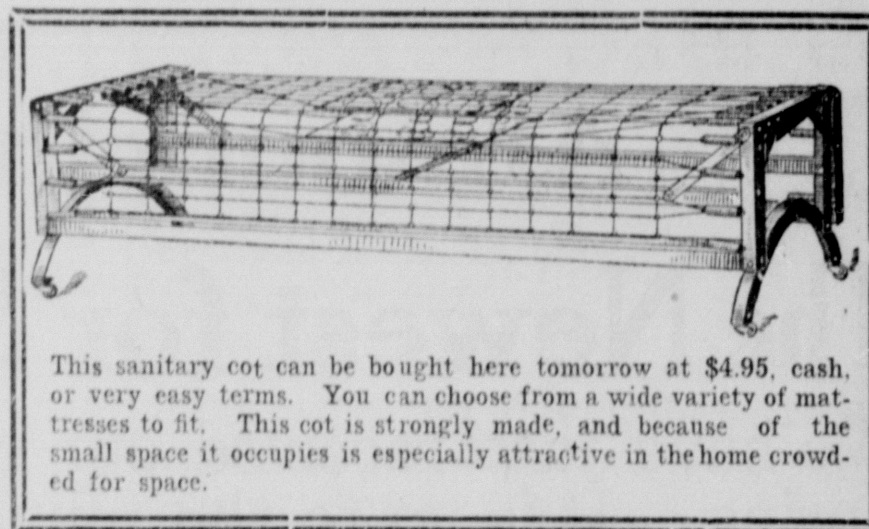

Some of these pieces could not be bought wholesale today at less than 50 cents.

Our patterns of dishes are all carried in open stock. You can buy and rest assured that two years from now, you can buy one cup or one saucer or one of anything else, at the same price, proportionately, as you can buy a 100-piece set. Have you seen our imported china sets in French and Japanese ware?

A Three Quart Covered Casserole at 41 cents

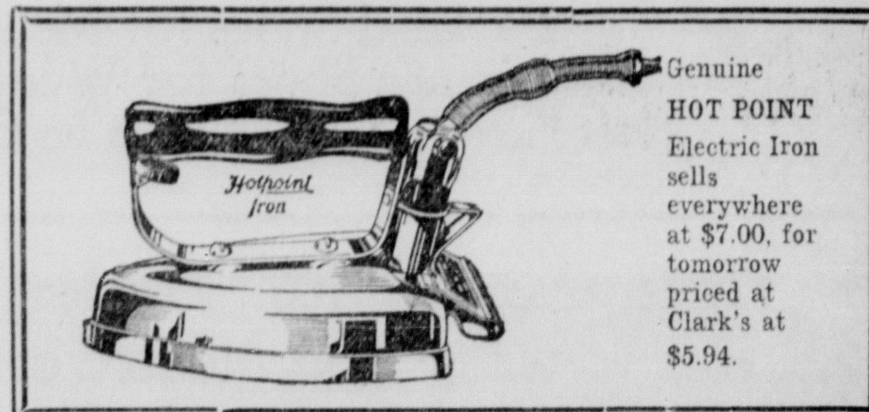

These famous Bristol body Casseroles are unexcelled for general baking purposes. Will stand the highest heat without breaking. We joined with a Minneapolis store in taking the output of a famous manufacturer who made them for a special order. If you can buy them anywhere else for less than double our price, you can have back your money.

LIMIT TWO TO A CUSTOMER—NONE TO DEALERS

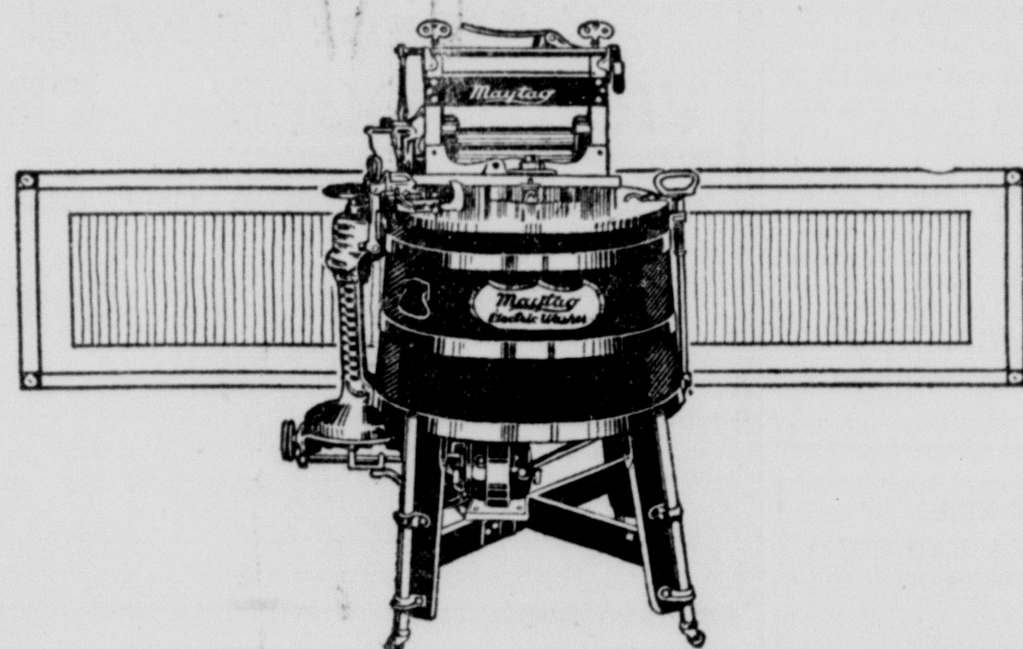

Our Extraordinary Combination Bed, Mattress and Spring special for Saturday

A full width, all iron bed in a choice of colors, a steel coil spring and a cotton top mattress, the three of which regularly retail at \$19.45, are offered at, almost the price of a bed alone, \$12.78. Only one combination to a customer and positively none sold to dealers.

Our showing of new patterns in Spring Wall Paper is interesting, and the prices we ask are pleasing indeed

SIMPLICITY, handiness and economy—all in a degree never before thought possible—are combined perfectly in the wonderful

Maytag Electric Washer

Swinging Reversible Wringer

It is truly the economic evolution of the home laundering problem. In principles of design and construction, the Maytag has achieved a standard of perfection which has made it the most widely used and highly praised washer in the world.

If your home is wired for electricity there is every reason why you should have an electric washer and the convenience, efficiency and money-saving after-cost of a Maytag should make the choice of any other washing machine inadvisable, no matter what the price.

Let us explain what you ought to know about the Maytag. No obligation—absolutely.

Honestly priced at \$92.50, and you can use Clark's usual easy terms.

FOOD PRICES TO TUMBLE

Within the next 90 days food prices will tumble, according to a statement made by the government.

The great majority of Brainerd grocers of whom a few, very few, advertise, will undoubtedly expect the Dispatch to make public prices and to thus draw trade at no cost to their doors.

The Dispatch, during the war, gave columns of space to the publication of the Food Fair Price List. The war is over and the grocery business should publish its own prices.

In these days of reconstruction and high costs, people read the advertisements. In many a household father does the shopping. In this period of income tax payments every household will keep tab of what money is made and what money is spent.

There is flour for instance. Various prices are quoted on different brands. Take tomatoes. Exact amount contained in a can is stamped on the can. In the past a two pound can has often passed muster in trade circles as a three pound can, and a one pound several ounces can passed as a two pound can.

Every man in Brainerd eats, but the great question for Brainerd grocers to consider is: "Does he eat Brainerd groceries or catalog house supplies?"

The Dispatch regrets to see a lot of good grocery business slipping out of town, but what can you expect when the great majority of business men of this line of goods as a rule don't use enough printer's ink to soil their thumbs when it comes to heralding their store news to the public.

True, some say they don't have to advertise. Sure, you don't have to if you are content with the same trade, the same conditions and never make

an effort to combat the diverting of trade to Chicago or even Little Falls.

AUXILIARY TOWER

Probably the one and only outwardly impressive things about the entire new water-system will be the stand-pipe, or water-tower as commonly known. While the skill and genius of the world's greatest architect has not been called into service, the tower will be attractive just the same. Certainly a good, solid, concrete structure is preferable to a flimsy skeleton-like, steel structure. And so long as a ladder-way must be provided anyway, it might as well be a substantial stairway, one that will facilitate climbing and not retard or repel it. Being enclosed, and door locked, it can not become a run-way for kids, a trysting place for lovers, nor a loafing rendezvous for non-descripts. Finally, when entertaining distinguished visitors on rainy days, it will be perhaps a convenience to show them a view of Brainerd from above the clouds instead of splashing around the streets in an auto. These comments are not intended to minimize the practical value of the tower; for many years agitation has been rife to construct something of that sort to augment our present system and give better fire-protection. There is nothing new or unusual about using a tower; it is a necessity and is a familiar sight in all our neighboring towns—Crosby, Ironton, Deerwood and Cuyuna.

A Friend Recommended Them

J. N. Tobill, clerk Lottie Hotel, Evansville, Ind. writes: "For six weeks I suffered constantly with pains in the muscles of my thigh. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately. They stop backache, rheumatic pains, soreness and stiffness. H. P. Dunn."

WHY YOU SHOULD VOTE WATER WORKS BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

X

Reservoirs

The purposes of reservoirs are numerous. Reservoirs can be classed as distributing and equalizing reservoirs, according to their purposes. But any of them are used primarily to furnish elasticity to the distributory system. They are indispensable.

Reservoirs provide economy and safety. Often it is further economy to have several reservoirs. The economy develops in the pumping machinery at the source, also in the pipe-lines of the distributing system. It is cheaper to guard against troubles by having a reservoir than by duplicating more expensive parts of the system. It is a guard against interruptions at the supply-end of the system, while at the same time it enables settling and improves the water.

Many an otherwise well-planned water system has given poor and unsatisfactory service due to lack of reservoirs. It is a guard against break downs of all sorts. It enables resting the main pumps and saving electric current. It insures having water in your lines upon all occasions, especially when most needed.

The capacity of a reservoir is determined by the demand you try to equalize, whether hourly, daily, or more than a day. For fire-supply it is necessary to have more than merely for a maximum daily commercial consumption, which in the largest cities is rarely over 3 hours. For towns in a merely flat region, smaller capacities are the rule.

The most advisable arrangement is to have one large collecting-reservoir near the pumps and another, smaller but elevated, nearly centrally in the town and on the large-sized pipe line.

For a collecting-reservoir at the pump station, we will have a reinforced steel concrete reservoir, with a cover, built virtually right on the surface. It will be 75 feet in diameter but only 6 feet above the ground and have a capacity of 800,000 gallons.

The elevated reservoir sometime called a stand-pipe or elevated tank or "water-tower," will be located

down town, as near centrally as possible. The height of this reservoir depends upon the pressure required in the mains. The one planned for Brainerd will be of concrete and stand 134 feet above the ground. The tank itself will be 40 feet in diameter and rest on a concrete column 28 feet in diameter. The tank will store 200,000 gallons, enough to take care of our greatest demand for 6 or 8 hours. By throwing a switch at the pump-station, this reservoir can be cut out immediately, as in case of fires; or, if repairs on the line are being made and pumps therefore cut out, the tank will deliver water and pressure for fire fighting. This tower will be of an attractive design, and with a stairway provided inside of the column it will be possible to ascend to the balcony 160 feet above the ground and give people a bird's eye view of Brainerd.

Trials of a Peacemaker in Two Chapters

(By United Press)

Washington, March 12.—The pugnacity of the "war babies" of Europe—those nations which have come into being or hold the reins of freedom as a result of the war—is the main obstacle in the path of President Wilson's first peace point—open diplomacy.

Because of the feeling between the Czechs-Slovaks and the Italians; the Czechs and Poles; Poles and Germans; Poles and Russian Bolsheviks, to say nothing of other embroglios about which less is known and still less can be written at this time, the problems of open covenants openly arrived at present its hazards.

The chief danger in discussion is the open of territorial readjustments. With many of these small nations now "seeing red," it is pointed out that open warfare might spring up in the heart of Europe again if the peace conference were to deliberate on the readjustments publicly.

President Wilson himself indicated the situation when the allied press in Paris were fighting for open sessions of the conference. It was his view, supported by the other allied statesmen then, that it would be impossible to publish to the world piecemeal the discussions of boundaries. They held that all boundaries must be completely settled before any could be announced because, in reestablishing boundaries, most of Europe is involved in disputes over which, at some points in the interior actual fighting is now going on. Only by waiting until the whole program is worked out, it is claimed, can it be shown that, where one nation is forced to give up a disputed territory, it may profit otherwise and the petty wars be avoided.

(Chapter II tomorrow)

Teach Use of Limbs

(By United Press)

London, Feb. 20 (By Mail)—Schools to teach use of artificial arms and legs to thousands of mutilated war heroes are springing up all over England.

The pensions ministry pioneered in this work when it established a school at Charterhouse military hospital.

The government also is encouraging private experimentation to develop new types of arms of still greater usefulness.

"More types are being developed daily," says Sir Charles Henderdine, director of the artificial limb department of the pensions ministry.

"Our biggest difficulty is persuading men to persevere in learning how to use artificial legs and arms. They are at first uncomfortable and cumbersome. This soon discourages the ordinary man, who begins to feel he had better get along without the appliance."

A month's training, however, usually convinces the experimenting soldier the appliances enables him to do many things he couldn't without it, Sir Charles says.

Very many men find the man-made first seemed impossible without the natural number of sound members.

Oyster Mystery Explained.

We are told that oysters are sensitive to extremes of heat. Which explains why you run across so few of the little darlings in a bowl of soup.—Knoxville Journal

Stopped Cough After Influenza

"Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn. "My son had influenza. He had the worst kind of a cough. I tried everything but nothing did any good. God sent me a friend with Foley's Honey and Tar, and in two days his cough was gone." H. P. Dunn.

Havana Editor Sees Danger Ahead in Paris

(By United Press)

New York, March 14.—"It must be confessed at this moment that we do not know whether we are writing another chapter in the history of the war, or its last page."

This view of the possibilities of the peace conference and of the international friction that may develop among the victorious powers is expressed by Oreste Ferrara, Cuban jurist and editor, in his new book, "Lessons of the War and the Peace Conference." Ferrara is professor of public law in the University of Havana, and editor of El Heraldo, a powerful Havana daily.

The Cuban writer sees grave dangers in the discussions of commercial freedom that must arise at the conference. This question he describes as a "rock for the League of Nations to split upon."

"Although theoretically all are strongly in favor of the greatest commercial freedom, we fear that, if carried to an extreme point, there will be much division of mind upon the subject," says Ferrara. "The idea is evidently unfavorable in the United States—'Dollar Diplomacy' is not yet dead in the United States.—No attention has been paid by the Republican party to the vigorous and convincing speech of ex-President Taft."

The book was translated and prepared for its American editor by Leopold Grahame, the well known writer on international topics.

Spring Cleaning Time is Here

If a house needs spring cleaning, how about the human body after a winter of indoor life and heavy food? Don't suffer from indigestion, biliousness, bad breath, bloating, gas or constipation, when relief can be so easily had. Foley Cathartic Tablets clean stomach and bowels and tone up the liver. H. P. Dunn.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breakfast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store. Pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

ELECTION IS BUT A FEW DAYS AWAY

Political Dope as Heard from Various
Sources, Some Being Rumors
Reverberating About

LABOR TICKET GETS 'EM BUSY

Dispatch Subscriber Makes Reference
to Labor Platform Favoring
Returned Soldiers

The announcement of the labor ticket has at length stirred up politics in Brainerd.

Election day comes Tuesday, April 1. No matter what candidate you vote for, be sure and vote "yes" on the waterworks bonds.

Louis Hohman will be a candidate for the school board in the first ward.

James R. Smith, formerly an assessor of Brainerd, has been approached to be a candidate this election. Mr. Smith is a real estate man of experience and acquainted with the town and realty values.

Hugo Schwartzkopf is a candidate for re-election as assessor.

Frank G. Hall, present alderman of the second ward, was nominated as a candidate at the first meeting of the labor party and omitted at the second meeting. Mr. Hall will run just the same.

P. M. Koop, four years an alderman, is being sought to run for mayor. He was chairman of the finance committee two years and president of the council two years. Mr. Koop is 32 years old.

Col. A. J. Halsted, four times mayor of the city, has been approached to be a candidate. Three times the colonel has been endorsed by three political parties, several times by organized labor. One gratification to the colonel has been the fact that his vote has increased at every election.

Judge Walter F. Wieland will be a candidate for re-election as municipal judge.

The labor ticket endorsed no one outside its union circles. In the second ward a question arose of endorsing Mrs. W. H. Gemmell as a candidate to the school board. No action was taken on this or on municipal judge.

Henry Clarke writes the Dispatch this criticism of the labor party's platform: "One of the platforms of the Brainerd Labor party calls for city work to be given to returned soldiers in preference to any one else—a mighty good and patriotic plank. George Berggreen, a returned soldier and out of a job, asks to be elected to the office of city treasurer. The labor party, however, puts up a man (and a good one too) who is making a good living at his trade for the same office. Gentlemen of toil, let us be fair, and ask Mr. Ilse to withdraw in favor of our returned soldier, and thus live up to a good plank in our platform."

Archie Purdy it is reported will be a candidate for school board in the fifth ward.

March 22 is the last day to file for office for the city election April 1.

The first filing with City Clerk Anton Mahlum is that of Judge Walter F. Wieland for re-election as municipal judge.

Many may not understand about the school board. The terms of five expire and five others hold over. Those who hold over are R. R. Wise, of the first ward; George D. LaBar, of the second ward; Hugo A. Kantz, of the third ward; Sam Engbretson, of

the fourth ward, and Rev. Eloy G. Carlson, of the fifth ward. The members whose terms expire are Louis Hohman, of the first ward, who is a candidate for re-election; R. J. Hartley, of the second ward; Elmer Forsberg, of the third ward; Wm. T. McCloskey, of the fourth ward, nominated by the labor ticket; Archie Purdy, of the fifth ward, who is a candidate for re-election.

In the Water & Light Board Carl Zappie serves a two year term, A. A. Arnold a four year term and A. A. Weidemann's term expires on May 1.

William V. Turcotte has been suggested for mayor. Mr. Turcotte would be an ideal young man's soldier candidate. He is expected home by April 1.

MAYOR R. A. BEISE NOT A CANDIDATE

In Interview Given the Dispatch he
Said he Was Grateful to People
for Honors Paid Him

HAS BEEN MAYOR TWO TERMS

Duties Were Many During War
Times, Served as City Chairman
on Every Loan Drive

In an interview Friday, Dr. R. A. Beise stated he had declined to consider being a candidate for a third term for mayor of Brainerd. Mayor Beise has given universal satisfaction in his administration of affairs, rendered arduous and of many activities during the recent war period.

Four times he has served as city chairman of the Liberty Loan drives and has again been named for the Fifth Loan. He has also aided in numerous other campaigns.

"I have had two terms as mayor," said Dr. Beise, "and have done my best to carry out the requirements of the office. The office is deserving of more time and attention than I can give it. I appreciate deeply the honor conferred on me by the people in twice electing me to the position."

"This coming term is one of the most important in the history of the city of Brainerd. Under the new charter the city gains more revenue, the council will be better able to do things. A necessary thing to be considered is street improvements and it should be done quickly and properly."

In addition to his many other duties, Mayor Beise served on the draft board when Dr. Evert was called to New York.

ANNUAL MEETING

Of Evergreen Cemetery Association.
To the lot owners of Evergreen Cemetery Association:

The annual meeting of said association will be held in the office of the president in the Probate Court room in the city of Brainerd, in the county of Crow Wing, on Tuesday evening, April 1st, 1919, at 8 o'clock sharp.

This meeting is for the purpose of electing trustees, they in turn to elect the other officers of the association, and to transact such other business as may be for the best interests of the association. Every lot owner is a member of this association and is hereby requested to be present and offer any suggestions that will be for the best good of the last resting place of our beloved dead.

J. T. SANBORN, President.

MILTON McFADDEN, Secretary.

Fashion's Approved Garments and Millinery For Your Inspection on Saturday

From New York, from Cleveland and from Chicago manufacturer of womens garments we have gathered together a selection of spring garments which appeal to women desiring style and service at a reasonable price. Our receipts of garments during the week has made selections excellent.

Our New Suits

Women have such a splendid variety of styles to select from this year. The new box suits, the semi belted styles, the belted styles and the plain tailored models. We have styles for every figure and sizes from 16 to 46.

Our New Dresses

We have some surprises in store for those wishing silk dresses for less than \$20.00. Then we have another assortment of the very newest styles and shades at from \$20.00 to \$55.00. You will find great satisfaction in selecting from these garments.

Our Tweed Coats

As long as women ride in auto's they will demand a coat of style and one which at the same time gives more service than the plain colored garments. This combination is found in our tweed coats. We have some very pretty ones.

Our New Coats

Not just one style of coats to select from this year. The capes are decidedly new and girls are particularly fond of them. The Dolmans are delightfully different and many are purchasing them. Then we have the regular coats.

Our New Skirts

The separate skirt is such a very practical garment. No matter what garments may have preference skirts have a place no other garment can meet. Our skirts are in silk and wool cloths and are priced from \$5.95 to \$27.50. These merit consideration.

Furs for Spring

Fashion has again decreed that large scarfs should play an important part in the spring garment display. This two season demand has, as usual, made furs scarce and prices higher. We however, have some excellent scarfs at last years prices.

Millinery Special--Hats at \$5.00 to \$6.95

Just to develop a little early business we are offering some unusually good values at these popular prices on Saturday. Every hat has the style demanded this season. In order to make this section lively Saturday we will offer styles above the ordinary to secure your attention. At from \$5.00 to \$6.95 you will find a wide selection of beautiful trimmed hats.

H. F. Michael Co.

CLEAN MEN IN ARMY THE RULE

General Orders of the War Department
Prove This, Kept Troops
in Best Efficiency

SURGEON-GENERAL'S REPORT

As High as One-Fourth Total Sickness
in Army in Past Has Been Due
to Venereal Disease

The effect of venereal disease on a man's health will be shown at the army pictures at the Park theatre tonight, being two shows 7:30 and 9 o'clock, and both free. The pictures are displayed under the auspices of the Northern Pacific Beneficial association.

The army early recognized the need of keeping its men free from venereal disease. The Surgeon-General's report shows that as high as one-fourth of the total sickness in the army has in the past been due to venereal diseases. Since war was declared against Germany over thirty thousand men have been on sick report because of these diseases. That means a loss of more than five hundred thousand days of military training besides the costs of treatment and loss of pay of the infected men. It means more than that in this war because it is not practicable to take a man having venereal disease to France until he has been treated, and this often breaks up the team work of his squad.

Here are war regulations which speak for themselves:

GENERAL ORDERS NO. 17.

2. Commanding officers will require that men who expose themselves to the danger of contracting venereal disease, shall at once upon their return to camp or garrison report to the hospital or dispensary for the application of such cleansing and prophylaxis as may be prescribed by the Surgeon General. Any soldier who fails to comply with such instructions, if found to be suffering from a venereal affection, shall be brought to trial by court-martial for neglect of duty.

Extracts from Special Regulation No. 23:

1. Efficiency of Military Establishments—That the efficiency of a military establishment is in a direct ratio to the physical fitness of its in-

dividual units has never before been demonstrated so forcibly as it has been during the present war.

2. Demands of Modern Warfare—In the end it will be discovered that it is the man, the carefully trained and conditioned man, who alone can make victory possible.

3. The possession of robust health and organic vigor is not, however, sufficient for the field soldier; his profession requires that he also possess more than the average amount of muscular and nervous strength, endurance and fortitude, against which he may draw in times of stress.

Sagamore Hill, May 5, 1917.

When our troops go to war our effort must be to appeal to their sense of self-respect and of duty; let us effectively endeavor to make them realize that it should be a matter of honorable obligation on them to live clearly and decently, keeping themselves fit to be citizens when they return home, and at the highest pitch of fighting capacity while the war lasts.

Faithfully yours,
(Signed) THEODORE ROOSEVELT.

BRAINERD'S ODDEST STORIES OF TODAY

Young Art Dargan, popular day clerk of the Ransford, is of studious mind and whenever he has the chance, as that don't come often 'cause they're so busy at the hotel, he studies by himself. The reporter thought he was reading some novel the cigar clerk had loaned him. Instead of that it was a volume on theology. Mr. Dargan said he had a leaning towards the ministry. Friends who knew him well in Hibbing never were aware of this and it also surprised many of the boys here in Brainerd. As a hotel clerk Mr. Dargan is a success, remembering names and faces, dates and figures, rooms, grips, etc. Others believe all Art was studying up on, as the spring days are coming, was the ring of service.

POLICE CHIEF AT PARK THEATRE

Former Chief Louis Harthill, of Minneapolis, to Give Inside Facts on
Police Work in Big City

CRIME, VICE, DOPE DESCRIBED

Lecture at Park Theatre Tuesday
Evening, March 18—No Children
Under 16 Allowed

Former Chief Louis Harthill, of Minneapolis, will lecture at the Park theatre Tuesday evening, March 18, on inside facts of the police department, as it is today in a big city where vice, crime and dope often prevail. He has a message on the prevention of crime, on the treatment of children and every parent, teacher and minister in Brainerd should hear him.

Children under 16 will not be admitted. Admission is 50 cents and all seats will be reserved.

This copy of a letter will explain the humanitarian side of Chief Harthill's makeup:

Minneapolis, Minn.,
January 6, 1919.

Louis Harthill, Esq.,
Minneapolis, Minn.
My Dear Friend:

Today you lay down your duties as chief of police of the city of Minneapolis. Well may these words apply to you: "Well done, thou good and faithful servant." I want to thank you for the cordial manner in which you have co-operated with the courts in the uplifting of the way-faring man, making his burdens lighter, not heavier; not sadder. You are to be commended for the deep interest you have taken in the children of our city, making the patrolmen their friends and benefactors and not a person to be feared and avoided by children.

May the courtesies you have extended to others, the deep interest you have taken in the welfare and uplifting of others and the love that has gone forth from you to the children of our city be returned to you ten fold. Our acquaintance and friendship shall ever be a cherished remembrance.

Faithfully your friend,
C. L. SMITH,
Judge of Municipal Court.

Aztec Emeralds.
Among the Aztec treasures of Mexico were found many fine emeralds. They were exquisitely cut, and it is from this source that the magnificent emeralds now forming part of the royal collection of Spain are supposed to have been taken.

HOW DIAMOND CUTTERS WORK

Three Distinct Processes Before the Rough Stone is Considered Fit for Personal Adornment.

Few people who wear diamonds know the story that lies behind them. To most of them the diamond is an agreeable means of personal decoration—something that attracts the eye in a jeweler's window and is purchased an hour or so later in its comfortable setting of platinum or gold. But let us see what lies beyond. Let us glimpse the long road that stretches between the miner and the wearer. There are three processes in the conversion of the rough stone into flashing brilliance. The first one consists in cleaning the course stone of defective parts and splitting off the flaws. The second is the cutting, which gives the stone its form and, in a rough way, determines the number of faces it shall have. Finally, there is the polishing, which gives to these faces their clearness and brilliancy.

The sawyer, when he finds a flaw, inserts the diamond into a sort of a cup filled with a fusible cement. Then, by means of an instrument furnished with a recently cut diamond, the edge of which projects sharply, he rubs on one of the stones the pointed end of the other, after which he strikes lightly in order to separate the two pieces.

The cutter uses somewhat similar instruments to the sawyer. He forms only about one-half of the faces, leaving it to the polisher to form the remainder.

The diamond is then polished on an iron plate rotating rapidly and impregnated with diamond dust and oil. It is set in an alloy of lead and tin in the form of a cone, of which the stone occupies the summit. The operation, as described in the Modern Hospital, takes a long time and requires the exercise of extreme patience, but the result is certainly in every sense of the word a "brilliant" one.

DISPATCH WANTS GET RESULTS

Father Helping All He Can

"Two of my sons are in the war. I am doing all I can to help my country, as well as Mayr's Wonderful Remedy, which I can thank for my present good health. I suffered 5 years with most serious stomach trouble and bloating. Am recommending it to all sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

FEAR FOE WILL TRAIN OFFICERS

French Afraid All of 100,000 Army Allowed by Allies Will Be Leaders.

COULD COMMAND MANY

10,000 Young Germans, Virtually Veterans, Could Be Called Quickly and Big Force Would Be Ready to Lead Them.

Weimar, March 14.—Germany has named as delegates to the peace conference Count von Brockdorff-Rantzau, the foreign minister, Dr. Eduard David, majority socialist and first president of the national assembly, Dr. Adolf Warburg, Dr. Adolf Müller, minister to Switzerland, Professor Walther M. A. Schuecking of Marburg university, and Herr Geisberg, minister of posts and telegraph in the Prussian ministry.

Paris, March 14.—French newspapers regard the proposed volunteer system providing for a German army of 100,000 as a "potential and stupendous St. Cyr (the French West Point)." They declare Germany could easily maneuver the system so as to permit only officer material to enter the standing army, which would become in reality only an officers' camp, yielding in four or five years the equivalent of 100,000 West Pointers.

These would be sufficient to command an army of 10,000,000.

France cannot forget there are several million comparative youngsters in Germany who can already be regarded as veterans. In addition, it is feared the 12 year term of enlistment would encourage young men to make army life their profession. Admittedly, it is practically impossible to prevent continuation of Germany's shooting and turnverein organizations, which in the past were only thinly disguised military training centers.

Germany, the French point out, could disguise the turnvereins and use them as schools for privates, with the volunteer army as an officers' university. Thus, should the Allies consider Germany disarmed and proceed to disarm themselves, Germany at once would become an immense standing peril.

The French press generally prefers to have conscription retained in Germany, under Allied control.

Big 10 to Fix Boundaries.

Paris, March 14.—The council of the five great nations has decided the question of the Turkish boundaries shall not be passed upon by the boundaries commission, but shall be acted upon by the supreme council.

The boundary between Albania and Yugoslavia also has been reserved for action by the supreme council and will be considered together with the entire Adriatic question and the termination of the boundaries of Italy and Yugoslavia. The west German boundary also has been reserved for action by the supreme council.

SIGNS FEDERAL RAIL PACT

Milwaukee Line Last of Big Roads to Accept Terms.

New York, March 14.—Directors of the Chicago, Milwaukee & St. Paul Railway company authorized the signing of the standard contract with the Railroad administration, a matter which has been long pending. The compensation to be paid the company under this contract, including about \$440,000 additional compensation for improvements on Rocky Mountain lines, will be slightly under \$28,000,000 annually, it was announced.

This road is the last of the large railroads to sign the contract.

ALIENS WILL BE DEPORTED

Secretary of Labor Wilson Affirms Cases of Thirty-seven.

Washington, March 14.—Decision to proceed with the deportation of 37 of the 43 undesirable aliens now held at Ellis Island was reached by Secretary Wilson after a conference with immigration officials. Attorneys for the aliens had asked review of decisions in all cases.

Final judgment in the cases of the other six aliens was withheld pending the admission of certain evidence. It was announced that some of the six might be released.

KAISER IS TURNED DOWN

Refused Him Asylum Before Signing of Armistice.

Washington, March 14.—William Hohenzollern, two months before the armistice was signed, planned an asylum in Sweden, but was prevented from going to that country by the Swedish government, diplomatic advice, just made public, disclose.

Anarchists Break Up Meeting.

New York, March 14.—Bolshevik sympathizers broke up an anti-Bolshevik meeting in Webster hall, a which Mme. Catherine Breshkovskaya, "Grandmother of the Russian revolution" and General Oberolcheff were speakers. Heckling from the floor developed into general and violent abuse of the speakers. The police endeavored to keep order, but this action brought renewed and more vigorous outbursts. Finally, after a call for police reinforcements, the hall was emptied.

EBERT FORCES VICTORS

Reported to Have Overcome Spartans in Berlin Fighting.

Heads of Decapitated Persons Said to Have Been Carried in Streets by Anarchist Women.

Copenhagen, March 14.—According to a Berlin dispatch, German government forces, after lively fighting, have succeeded in driving the Spartans out of the east end section of Berlin. Considerable quantities of arms were captured. The losses on the government side are declared not to have been heavy.

The behavior of the Spartans in Lichtenberg was worse than the Bolshevik cruelties in Russia, Berlin advisers say. All well dressed citizens appearing in the streets were robbed and many were killed. Several persons were decapitated and the heads were carried through the streets by female Spartans. The government troops, it is added, continue to kill every prisoner they take.

London, March 14.—A wireless dispatch received from Berlin reported that War Minister Gustav Noske, replying to a request by the Spartans for armistice terms, said the only conditions would be "unconditional surrender, including all arms."

A Copenhagen dispatch says that the nature of the fighting between government troops and Spartacan bands in the eastern suburbs of Berlin seems to indicate that local Spartacan groups have been formed for "no other purpose than to plunder the city."

An Amsterdam telegram received here says a Spartacan adherent was captured and in his possession were found jewels valued at \$200,000. The message adds that the man was executed.

ALLIES SELL SUBMARINES

Dispose of German Vessels and Will Divide Money.

London, March 14.—Additional German submarines will be sold and the money distributed among the Allies on a scale to be adopted by the Supreme council. It was announced in the House of Commons by T. J. McNamara, parliamentary secretary to the admiralty. Mr. McNamara stated that already 54 German submarines had been sold.

The Supreme council at Paris, the parliamentary secretary added, had not yet decided what was to be done with the other German warships.

DAILY MARKET REPORT

Minneapolis Grain.
Minneapolis, March 14.—Oats: May, 63½c; Rye: May, \$1.50½; Barley, choice, 85¢@88c; Corn: No. 3 white, \$1.34@1.35; No. 3 yellow, \$1.37@1.38.

New York Butter and Eggs.

New York, March 14.—Butter, firm; receipts, 6,357; creamery, higher than extras, 61¢@61½c; creamery, extras, 60½c; firsts, 57¢@60c; packing stock, current make, No. 2, 38¼@39c.

Eggs—Steady; receipts, 27,793; fresh gathered, extra, 43¢@43½c. Cheese—Firm; receipts, 4,817; state, current make, specials, 32¼@32½c; do average run, 31¼@32¼c.

\$57,900,000 Spent on Powder Plant.

Charleston, W. Va., March 14.—Figures compiled by government experts show that up to Feb. 1, \$57,900,000 had been spent on the great smokeless powder plant at Nitro, near here, which has now been abandoned.

Douglas Is Outpointed.

Little Rock, Ark., March 14.—Eddie Coulson of New Orleans defeated Jack Douglas of Milwaukee in the seventh round of a scheduled 10-round bout at Camp Pike.

BLOWERS OF SOAP BUBBLES ARE MANY

ALL SORTS OF LIES ABOUT THE ARMY ARE TO BE HEARD IN THE NATIONAL CAPITAL.

SAMPLES OF THESE RUMORS

Extravagant Stories of Injustice to Officers and Soldiers That Arouse Indignation of Credulous Civilians—Congress Believed Many of Them.

By EDWARD B. CLARK.

Washington.—In the current issue of The Come-Back, a bright and jolly newspaper printed by and for the patients at the Walter Reed Army General hospital, there is a cartoon entitled "Bunk."

It is a good cartoon. It shows Dame Rumor, ill formed, as she is ill informed, and Old Man Gloom, penuriously fleshy, blowing soap bubbles which are labeled with lies. The bubbles burst aloft, but not until the populace has had a look at them, has read the inscriptions and is properly impressed.

Washington is full of soap bubble blowers. They dip their pipes in a pipe-dream mixture. Their product sets all the women of the town walling and many of the men swearing. "Can such things be?" asks every old lady, looking up from her knitting. The men responsible ought to be hanged, says the man on the street. Dame Rumor and Old Man Gloom are the precious pair which ought to be strung up to keep company with the memory of Haman.

There is nothing extravagant in the method of setting forth cartoon-wise the facts in the Washington scandal-monger case so far as it relates to the army. This has nothing to do with preparedness or lack of preparedness, or constructive criticism of army methods or anything of the kind. It has to do simply with the lie factory which is working in Washington concerning present-day affairs in the big army which Uncle Sam still commands, and which that other big army which he has just let slip from his control.

Some "Busted" Bubbles.

Today one hears that a certain officer of the United States army has been put back to his old rank in the regular army because he testified before a committee in congress. Nothing doing. It seems to be a pretty safe assumption that if all the facts in this and some few other cases of like kind shall be given to the public it will find content in the knowledge that justice has been done.

One of the "busted" bubbles is the yarn that many of the soldiers, poor chaps, believed that they were going to be put into labor battalions to break stone and to do other things, with all the proper accompaniments except a ball and chain attached to the "first-foot-forward" leg. Another of Old Man Gloom's products which did its work before its final dissolution was the story that the insurance of all men would stop the instant that they were discharged. Still another was the tale which found credence in this town that large numbers of our heroes of Chateau Thierry, the Vesle, the Argonne and the Ardennes were to be ordered instantly into Siberian exile.

Back in the early days of this country's participation in the war the intelligence service of the army was kept "double-timing" 24 hours a day in an attempt to overtake and to kill the wild tales of German sympathizers and of Americans who believed and passed on what German sympathizers told them.

Today no one knows whether Dame Rumor and Old Man Gloom are German sympathizers or not, but they are doing their work just about as well from the enemy point of view as if they were staff officers in the pay of the government beyond the Rhine.

Swallowed by Congress.

Congress at its last session believed lots of the army stories that were afloat. Soap bubbles float, as any one who has been a child—some people never were children—knows. Army officers who attempted to refute some of the stories privately—they are not allowed to do anything of the kind publicly—were told by the credulous ones that they were trying to excuse themselves for "not treating the enlisted men right."

The other day in Washington two one-legged soldiers were making their way contentedly on their crutches down one of Washington's attractive avenues. A good lady saw them and instantly said, "What a shame." On talking with her I learned that she believed that nothing was being done in the way of "first-riding aid" for the lame and the halt who today are at Walter Reed hospital in this town.

The two one-legged soldiers were walking with the aid of their crutches and were walking probably because they wanted to walk. Any day one can see hundreds of the maimed riding in the limousines and the lesser cars of the men and women in this town who can afford to own cars and who have the heart to loan them.

If one wants to hear complaints about the present-day treatment of our soldiers by their officers and the authorities generally, he must go to somebody who is not a soldier, or to somebody who while in the ranks, or while carrying the commission of Uncle Sam, was not a soldier. Khaki does not make a soldier.

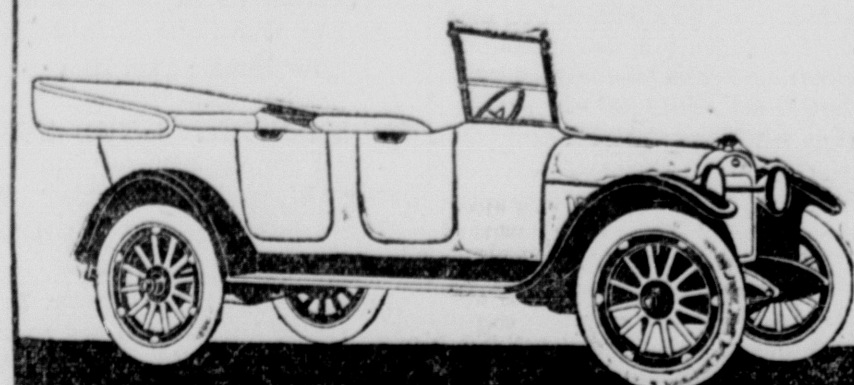

Greater London's food bill amounts to more than \$30,000,000 a week.

HIGH POWER for HIGH UTILITY

An index of the immense ability and usefulness of this all-family automobile is the fact that it has more power in proportion to its weight than any other car built, save one costing more than \$3000.

OAKLAND SENSIBLE SIX

WILL NEVER PLAY BASEBALL

Christy Mathewson Gives Reasons Why the French Are Not Likely to Take Up Game.

France, the country that went through the fighting of the biggest war in history without batting an eye, will never adopt baseball as a national pastime because the game is "too rough." This was learned from no less an authority than Capt. Christopher Mathewson, who arrived at New York recently.

Although the Pollux have bravely attempted a few games under American tutelage, "they're more afraid of a hard-hit liner or grounder than they are of a German 77," according to Mathewson. "Their infield work is rotten," said Christy. "They can run bases all right, but they get little opportunity, because they can't bat. And I don't believe you could pick up a first-class catcher in all of France. Every time a Frenchman gets behind a bat he wants to retreat about ten paces, erect a barbed-wire entanglement, dig himself a dugout and crawl into it."

"No, the Frenchman will never take to baseball in a big way. He prefers something gentle, such as football and dueling."

OLD PAPERS—5c BUNDLE

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

State of Minnesota, county of Crow Wing, ss, in Probate Court.

In the matter of the estate of Frank Thiens, decedent:

The State of Minnesota, to all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the person thereunto entitled. Therefore, You, and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Brainerd, in the County of Crow Wing, State of Minnesota, on the 24th day of March, 1919, at ten o'clock a. m., why said petition should not be granted.

Witness, the Judge of said Court, and the Seal of said Court, this 27th day of February, 1919.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

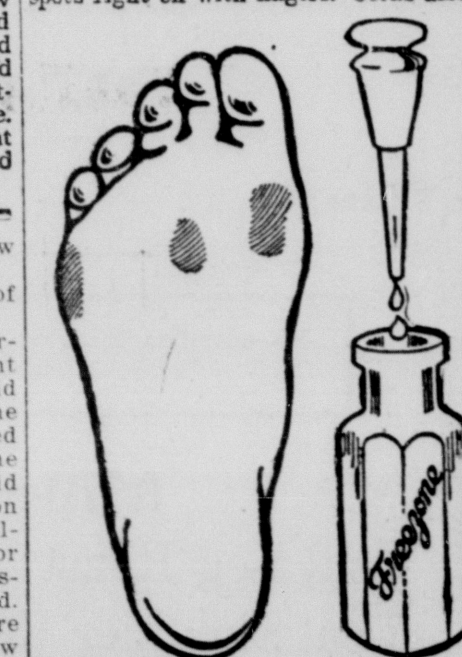

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

"HARD SKIN" AND FOOT CALLUSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers. Corns also!

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never soft, tender or even irritated. Try Freezone sure!

WILSON ARRIVES AT FRENCH PORT

President and Party Land at Brest and Leave in a Few Hours for Paris.

IN EXCELLENT HEALTH

American Executive Seems to Have Been Benefited by Period of Rest and Acknowledges Greetings of Soldiers.

Brest, March 14.—President Wilson and the party which came with him from the United States have left Brest for Paris.

Though numerous decorations had been hung out to welcome the return of the President, his reception was entirely without ceremony. Those who went aboard the George Washington to extend their greetings were the French ambassador to the United States and Madame Jusserand, M. Leygues, minister of marine, and several other representatives of the French government. Major General Eli A. Helmick, and Brig. General William Harts.

Colonel House at Dock. Colonel House met the President at the dock.

President Wilson was in excellent health, apparently having benefited by his period of rest.

The presidential party came ashore on an American tug. Mrs. Wilson was presented with a bouquet by M. Leygues. There was a little flurry of mist during the trip from the steamer, but this lasted only a short time.

The George Washington sailed into the harbor at 7:45 o'clock.

Immense crowds of American soldiers stationed at Brest endeavored to get a view of the President, and the moonlight afforded an excellent opportunity, aided by extra lights which had been installed for the occasion.

Soldier Greeting Acknowledged. The soldiers awaited the President eagerly and he raised his hat as he observed their anxiety. Mrs. Wilson followed the President, smiling graciously as she proceeded along the walk between the quay and the train.

The President inspected the French guard of honor, consisting of several companies of French marines dressed in their picturesque uniforms, who were standing at "present arms." The President smiled at the men amiably and then complimented their commander. This was the last of the meager ceremonial before the President entrained for Paris.

SHIPS AT ALLIES' DISPOSAL

Fleet in German Harbors Said to Consist of 859 Vessels.

Berlin, March 14.—The mercantile fleet in German harbors, disposition of which will be decided at the food and shipping conference at Brussels, consists, according to German figures, of 723 steamers, of 1,986,700 gross tons, and 136 sailing vessels of 52,600 tons.

The sailing craft and some of the smaller steamers will be left by the Allies to Germany for coastal traffic. These figures include steamers finished during the war.

CONTINUES FLYING FIELDS

War Department Will Retain Hundreds of Airplanes.

Washington, March 14.—Decision of the War Department to maintain 16 flying fields and three balloon fields as a part of the permanent military establishment is announced by acting Secretary Crowell. The department also has practically decided, Mr. Crowell said, to store for possible future use the hundreds of elementary and advanced training planes used during the war.

RAILROAD EARNINGS DROP

Net Revenue Is Far Short of the Rental Figure.

Washington, March 14.—Although operating expenses of the principal railroads of the country showed a decrease in January, gross and net operating revenue continued to decline, the net revenue, after deduction of taxes falling about \$54,000,000 short of the government's monthly rental obligation of approximately \$75,000,000.

WOMEN CONDUCTORS APPEAL

Cleveland Street Car Employees Object to Discharge.

Washington, March 14.—Arguments in the appeal from the recommendation of the National War labor board that women conductors at Cleveland Ohio, be discharged to satisfy demands of striking male employees were heard by the board. The case was taken under advisement and a decision is expected within two weeks.

LIEUT. COL. ROOSEVELT

Still Suffering From Machine Gun Bullet Wound.

Lieut. Col. Theodore Roosevelt, who went to France in the summer of 1917 as a major in the Twenty-sixth infantry, and who subsequently commanded that regiment, returned as a casual. Colonel Roosevelt still is suffering slightly from a machine gun bullet wound in the leg.

SPEEDY PEACE OR ANARCHY

Resumption of European Production Necessary, Says Vanderlip.

Paris, March 14.—"I doubt if America has begun to comprehend the seriousness of the appalling situation which confronts Europe and the wreck which the whole fabric of civilization may be facing," said Frank A. Vanderlip to The Associated Press. He has been investigating conditions in England and France and will continue his inquiries in Switzerland and Italy.

"America was once told there might be peace without victory," he said. "What we have is victory without peace. Production has ceased and unless production speedily can be resumed, one's imagination cannot comprehend the chaos which may ensue."

EXECUTIONS AT PETROGRAD

Anarchists Slay Relatives of Officers Opposing Them.

Stockholm, March 14.—All the relatives of the officers of the Eighty-sixth Russian regiment, which went over to the White Guards as against the Soviet government, have been executed, according to a dispatch from Petrograd. The executions were ordered by the military revolutionary committee of Petrograd.

Bolsheviks Expect to Recapture Archangel

(By United Press)

Helsinki, March 14.—The bolsheviks expect to recapture Archangel by May 1, an official communique from Boston announced.

Little Airplane That Flies One of Many Toys Wounded Soldiers Are Taught to Make

(By United Press)

Washington, March 14.—The reduction of 80 per cent in the force of the United States employment service, effective March 22, was announced by Director General Densmore. This was made necessary, it was explained, by the failure of congress to provide funds to continue the work.

Mr. Densmore said the number of employment offices would be reduced from 759 to 56, but that none of the work in direct connection with the return of soldiers and sailors to civilian employment would be discontinued.

"The reduction of the employment service cuts it to the bone," said Mr. Densmore. "The special work in placing engineers and other highly trained men, persons handicapped by old age and physical disability, vocational guidance for juveniles, the trade tests for skilled workers, and the training of employment examiners must all cease March 22."

"The maintenance of a skeleton administrative organization in Washington and the states and the continuance of camp representatives, soldiers' bureaus and the clearance system, together with 56 branch offices, in strategic industrial centers, will, however, permit the directing of national employment work by the employment service and enable it to resume full operation when congress appropriates funds."

TO SUCCEED EARL READING

Winston Churchill May Become New British Ambassador.

Washington, March 14.—Winston Churchill has been mentioned in diplomatic circles as a possible successor to the Earl of Reading as British ambassador at Washington.

Churchill at present is air minister under the war portfolio in the British cabinet and is considered foremost among the younger statesmen of the British empire.

Swiss to Recognize New States.

Berne, March 14.—The Swiss government decided to recognize the Polish and Czechoslovak states and to establish diplomatic relations with them. Poland has already appointed Baron Modzelewsky minister at Berne.

Camp Johnston Is Retained.

Washington, March 14.—Camp Joseph E. Johnston, at Jacksonville, Fla., used during the war for training men for the quartermaster's corps will be retained as a permanent military encampment.

Wounded soldiers at the Dayton, Ohio, hospital are being taught to make a variety of toys. They range from dolls and Noah's arks to intricate mechanical contrivances. Captain Evans, connected with the hospital, is shown here with one of the airplanes they are turning out in large numbers. These little machines modelled after the larger type of planes, are practical flyers. A rubber band motor furnishes the power. Strong rubber bands are twisted by a cranking device and the untwisting process twists the propeller.

Pres. Wilson Very Busy at Paris

BY FRED S. FERGUSON, (United Press Staff Correspondent.)

Paris, March 14.—With President Wilson's arrival in Paris today the machinery was set in motion for the rapid consummation of the preliminary peace treaty. The scheduled meeting of the supreme war council was cancelled to permit a series of rapid fire conferences by the president, Premier Lloyd George, Premier Clemenceau, and other leaders. Practically all the peace work was centered about the president. All details of the treaty have been virtually completed by the various committees. The main problem is that of reaching a final agreement.

The president arrived here from Brest shortly before noon looking greatly rested after his voyage.

American Troops Clash With Japanese

(By United Press)

Washington, March 14.—American troops clashed with the Japanese police and civilians at Tien Tsin, American Minister Reisch reported from Peking to the state department today. He has sent the first secretary of the legation to Tien Tsin to investigate. His cable did not indicate whether the troops were marines or soldiers and did not disclose the time of the incident. The cause of the trouble was not revealed. The text of the cable was withheld.

Martial Law at Barcelona

(By United Press)

Madrid, March 14.—A state of siege was proclaimed in Barcelona today owing to the strike developments there.

(By United Press)

Paris, March 14.—The new map of Germany will be completed by the end of this week, according to Captain Tardeau the official spokesman of the French government.

He expressed openly that the league of nations will not be a part of the preliminary treaties of which there will be four, one each for Germany, Austria, Turkey and Bulgaria.

MORE SAMPLES OF HUN KULTUR

BY FRANK J. TAYLOR, Staff Cor. United Press

Berlin, March 22.—More than a hundred Spartacus chained together in the prison courtyard were shot down by machine guns this afternoon. War Minister Noske has ordered that all Spartacus prisoners shall be executed similarly. Government troops completed the capture of Lichtenburg today. The railway station was taken by storm. Spartacus suffered 200 casualties in the attack.

Wets Striving for 2 Per Cent Beer

(By United Press)

St. Paul, Minn., March 14.—The final efforts of the wets to have two per cent beer was made when the prohibition bill came up in a special order in the house today. The debate still continues.

BUREAU LACKS FUNDS

United States Employment Service Reduces Its Force.

Director General Densmore Gives Failure of Congress to Provide Means as Reason.

Washington, March 14.—Reduction of 80 per cent in the force of the United States employment service, effective March 22, was announced by Director General Densmore. This was made necessary, it was explained, by the failure of congress to provide funds to continue the work.

Geo. Creel Returns to Washington to Retire

BY ROBERT J. BENDER, (United Press Staff Correspondent.)

Washington, March 14.—George Creel, chairman of the committee on public information, and during his term a storm center involving congress and the press, has returned to Washington to complete a report on his work and turn over moneys to the treasury preliminary to retirement.

In an interview today he covered almost everything from Washington to Russia in rapid fire dictation, declaring "Will Wilson win? Of course he will win. They might as well try to stop a tidal wave as to stem the world's demand for permanent peace and reduced armaments."

Red Cross Mission Marooned in Vienna

(By United Press)

London, March 14.—The American Red Cross mission to Poland is marooned in Vienna owing to an altercation between the Czechs and Austrians, according to information received at Red Cross headquarters here. Vienna is starving and the letter from Capt. France, a member of the mission.

FILIPINO MISSION COMING

Delegates Are Said to Be After Independence.

Honolulu, March 14.—The special Filipino commission seeking closer relations with the United States has arrived en route to Washington. It is understood the purpose of the commission is to promote the cause of Filipino independence, but the spokesmen declined a statement on this point, saying that Manuel Quezon, a member of the commission now in the United States was the only one authorized to talk.

Local Filipinos gave the committee a reception, assisted by a military band and several hundred Filipino soldiers.

FOES QUIT POLISH PARLEY

Germans Protest Against Their Treatment by Allies.

Paris, March 14.—The negotiations at Posen between the German delegates and members of the inter-allied mission to Poland over the Polish frontier situation have been broken off by the German delegates, according to the Berlin Tagliche Rundschau as quoted in a dispatch to Le Journal from Zurich. The Germans have already left Posen "as a protest against their treatment by the Allies," the newspaper asserts.

The treaty with Germany, being the most important, would be signed first. The others would be drawn along similar lines and would place a limitation of armament upon the Central Powers but there was less hurry in framing these, he added.

Asked if the signing of peace would permit Germany to resume commercial activity, Captain Tardieu said the financial and commercial sections of the treaty would contain important regulations of enemy trade, but that shipping will be resumed under certain reservations.

Peace Envoys Are Rushing Work on Final Treaties.

MAKE GOOD PROGRESS

Four Separate Agreements With Central Powers Are in Course of Preparation.

Paris, March 14.—Capt. Andre Tardieu of the French Peace delegation held his usual weekly conference with the newspaper correspondents.

Responding to an inquiry whether it is possible the peace treaty will be signed by March 20, Captain Tardieu said he believed such a contingency quite impossible although he expected great progress to be made within the next week. Four treaties will be necessary, one each with Germany, Austria, Turkey and Bulgaria. Captain Tardieu explained, and these he said probably would not be signed together.

WEEKLY TRIPS TO SOUTH AMERICA

Shipping Board Is Constructing Steamships for General Trade Purposes.

BUILDING 22 VESSELS

Chairman Hurley Declares Accommodations Will Be as Fine as Those On Any Liner Traversing the Atlantic.

Washington, March 14.—Plans of the Shipping board for the establishment in the near future of regular passenger and freight steamship service between the United States and South and Central American countries, through the use of twenty-two 12,000 ton vessels now under construction, were disclosed by Chairman Hurley in an address at a meeting at the Pan-American Union of government officials interested in Latin-American trade.

"These ships," said Mr. Hurley, "will make weekly trips to the ports of Central and South America. Accommodations on these ships will be as fine as any trans-Atlantic liner. They must be made so in order to invite travel between North and South America."

U. S. Needs to Act Quick. Chairman Hurley, referring to the necessity of inaugurating the steamship service at the earliest possible moment, said the ports of Buenaventura, Guayaquil, Callao, Iquique, Valparaiso, Buenos Aires, Montevideo, Rio de Janeiro and Santos must be included in the service. Many of these ports, he said, had port facilities far superior to those in the United States.

New plans for cable and radio service with Latin America were referred to by Mr. Hurley, who said he would not be surprised if within a few years American concerns would be able to place orders in South America by wireless telephone.

Banks to Be Established. Wm. P. G. Harding, governor of the Federal reserve board, another speaker, said the board was doing all in its power to foster relations between the two continents and had authorized a number of banks to establish branches in Central and South America.

Assistant Secretary of the Treasury Rowe said that England, worn by four years of war, could not meet Latin American needs as rapidly as the United States. He said the present demand from South America for American goods was less than many business men expected, because the merchants of South America were loath to buy stock on a falling market and also because freight rates were still high.

morning from the B. C. McNamara chapel.

George C. Seales, senior highway engineer of Minneapolis, arrived in Brainerd and in company with County Engineer C. L. Mott inspected the route of the proposed federal aid road from Brainerd to the Mille Lacs county line.

Miss Gooley, an expert demonstrator from Pittsburgh, has been demonstrating electric range and Gainaday washers at the Brainerd Electric Co., 718 Laurel street. Many ladies witnessed the demonstrations and were especially charmed to see how Miss Gooley cooked a pork roast to a turn at the same time that she was cooking peas, carrots, potatoes and string beans on the same electric range. So great was the attendance that to accommodate the ladies Miss Gooley will remain over Saturday and will demonstrate afternoon and evening at the Brainerd Electric Co. All the ladies of Brainerd are cordially invited to attend.

Dispatch want ads measured 19 inches Thursday evening. There were 8 help wanted, 4 for rent, 12 for sale and 2 miscellaneous wants. Telephone your wants to the Dispatch Northwest 74, or mail the ad or have it sent to the office. Ads are cash, sent a word first insertion, half a cent a word each time thereafter.

CONTESTS PROMISE TO BE NUMEROUS

Contests over the recent election promise to be numerous on the range, according to the report of R. E. Warren, former mayor of Trommald.

At Crosby the office of president or mayor may be contested. But one vote separates Harry Koop, victor, from Louis O. Berg, the defeated candidate.

At Mangrove the offices of clerk and president may be contested.

At Trommald it looks as though the whole ticket may be contested.

Card of Thanks

I wish to extend my thanks to the congregation of the Swedish Lutheran church and friends, for flowers given and sympathy extended me during my recent bereavement, in the passing away of my brother, A. G. Anderson. EMIL ANDERSON.

Guard the Children's Health

Mrs. Elaw, Box 26, Benoit, Wis., writes: We have always used Foley's Honey and Tar for colds and find it great. The children all run for it when they see the bottle and ask for more. Contains no opiates, safe, and harmless, but gives prompt relief to coughs, colds, croup and whooping cough. H. P. Dunn. mwf

Roumania Borrows 5 Million More.
Washington, March 14.—A credit of \$5,000,000 in favor of Roumania was announced by the Treasury department. This increased Roumania's credits to \$15,000,000 and those for all the Allies to \$8,841,150,000.

American School in Japan Burns.

Tokio, March 14.—Seven hundred houses in Sendai have been destroyed by fire. The destroyed buildings included the noted North Japan College of the Reformed Church of the United States.

To Remove Grease.

The following method, described in Popular Science Monthly, has been substituted for the use of gasoline and other light oils: Boil the parts in caustic soda lye; one pound to a gallon of water; then brush while the articles are hot. Caustic soda is recommended as better than ordinary soda, since it causes the fat or grease to dissolve more quickly.

DISPATCH ADS BRING RESULTS

ROLL OF HONOR

Sergeant A. N. Brekke, recently honorably discharged from army service at Camp Dodge, Iowa, was in the city. He has now gone to his home at Rice Lake, Wis., for a visit.

Sergeant Edgerton H. Brooks, son of Mr. and Mrs. H. E. Brooks, has been honorably discharged from the army service and returned to the city on Wednesday. He was in the Minnesota Quartermaster's Corps, and was in the service about eighteen months, stationed at Camp Logan, Houston, Texas.

Dick Johnson with the Army of Occupation in Germany, writes spring has arrived and the men are awaiting transportation home.

Mr. and Mrs. E. O. Anderson, 1202 E. Oak street, received word today that their son, Sergeant Axel A. Anderson has arrived from overseas and will be sent to Camp Dodge, Iowa, to receive his discharge.

Sergeant Adolph Klein, who was formerly employed at the Model Meat market and then served fifteen months at Camp Dodge drilling rookies, is visiting friends in the city. His home is in Benoit.

A. W. Kreech, a former Minnesotan was knighted by the French government in recognition of valuable services rendered during the war. Mr. Kreech is president of the Equitable Trust Co. of New York, and a nephew of Charles Kreech of Brainerd and brother of Freeman E. Kreech, editor of the Aitkin Independent-Age.

Card of Thanks

We wish to thank most heartily our many friends, the different societies of the Swedish Lutheran church, the Modern Woodmen, the Brothers of the International Brotherhood of Maintenance of Way employees and the employees of the N. E. B. A. for the beautiful floral offerings and kindness and sympathy shown us during our sad bereavement.

Women Make Good as War Workers

(By United Press)

London, Feb. 20.—English women have definitely won a place for themselves in industry as a result of their showing during the war, according to a report issued by the Home Office.

"They 'made good' in a majority of the industries in which they substituted for the men.

Woman must hereafter be considered a permanent factor in the English labor situation.

Industries in which women had the most conspicuous success were clothing and boot and shoe manu-

facturers, lines in which they had already been employed to a limited extent.

Lenten Service

At the St. Paul's Episcopal church there will be service this evening at 7:30. Any who care to attend are cordially welcome. Rev. Hans J. Wolner.

Tickets may be procured and reserved at H. P. Dunn's drug store Friday afternoon at 3 o'clock. Seats range from 50c, 75c to \$1.

Soldiers Prefer Office Work.

Washington, March 14.—The greater number of returning wounded soldiers offered the opportunity of taking educational work under the federal board for vocational education have shown a preference for courses fitting them for office work and educational careers. Those wishing study agriculture rank second, numerically.

Yale Nine to Play 25 Games.

New Haven, Conn., March 14.—For the first time in several years the Yale baseball team will open its season in New Haven without making an early Southern trip. It was shown by the Yale schedule given out. It comprises 25 games.

Peckinpugh Comes to Terms.

Cleveland, March 14.—Roger Peckinpugh of this city, shortstop of the New York Yankees, who was said to be a holdout, reached an agreement with Col. T. L. Huston.

MRS. JAMES SWAN GUEST OF HONOR

State Child Conservation Chairman Addresses County Council of Defense Ladies

24 LUNCH AT THE RANSFORD

Mrs. W. C. Cobb Made a Stirring Speech Favoring the League of Nations Plan

The County Council of Defense, Woman's Committee, held a meeting at the Ransford hotel parlors, Thursday, Mrs. L. P. Hall, county chairman, presiding.

The ward chairmen of Brainerd block-workers, were invited to be present at this meeting and also the wives of the local physicians. The guest of honor was Mrs. James Swan, state Child-Conservation chairman. Mrs. Swan gave an informal talk preceding the luncheon. At the luncheon covers were laid for twenty-four. Besides Mrs. Swan the out-of-town guests present were Mrs. Tate of Minneapolis, Mrs. Krelwitz of Pequot, Mrs. Neal of Deerwood and Mrs. Hall of Bay Lake.

At the session succeeding the luncheon a stirring speech in favor of the League of Nations was made by Mrs. W. C. Cobb. Miss English spoke of the work accomplished by the Woman's Council of Defense in the Nurse's Drive and Mrs. Gemmell gave a report of Miss Nielsen's work in France.

The hospitable courtesy of the hotel management throughout the meeting was much appreciated by the County Council.

LYCEUM CONCERT

Fourth of the Series to be Given at the Swedish Lutheran Church on Monday, March 17th

The fourth number of the Midland Lyceum Course, the Strollers Quartet, will be given at the Swedish Lutheran church on Monday evening, March 17.

This company was organized in 1906 and made its first appearance in towns and cities on the Pacific coast.

At the Top of the Ladder for "Class" Compound Syrup of Tar

Just ask for Lammon's Compound Syrup of Tar. Here is a remedy of splendid medical value adapted to the very quick relief of coughs, colds, hoarseness, bronchitis, loss of voice and certain pulmonary disorders. A wonderful preparation for an "after the flu" cough. Perfectly safe remedy for children as well as adults. It is a compound, the very name of which emphasizes its value for the purposes indicated. Hunt, search, seek where you will, buy, try and use any cough syrup you please, and when all is said and done there is only one suitable, safe and adaptable and that is Lammon's Compound Syrup of Tar With Extract of Cod Livers and Menthol.

EXCLUSIVE AGENTS FOR NYAL, A. D. S. AND SAN-TOX REMEDIES

WOMEN WILL LEARN TO FLY

(By United Press)

London, March 1 (By Mail)

English women who wish to learn to fly will soon have a chance to go to a regular flying school where only women pupils will be accepted.

The schools is to be opened shortly near a popular Thames holiday resort. The fee for the full course in flying will be £25, machine included. Pupils buying a machine will receive instructions free.

The faculty will be composed entirely of officers and men of the Royal Air Force.

Single tickets can be had at the Folsom Music Store.

Former Cannibals "Eat Up" the Movies

(By United Press)

Los Angeles, Cal., March 14.—New Zealand Maoris, native Japanese and the cannibals of the south sea islands have developed a ravenous appetite for the American movie star.

Their appetite, however, doesn't crave blood. They want them on the screen.

Suffered for Eight Years

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. P. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." H. P. Dunn.

A Want Ad. Got Another Household Pet

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

DISPATCH WANT ADS PAY

SHOPPING AT CLARK'S ON SATURDAY

Our Big CHINA WARE Section

If you have not yet visited this department of our store, you are in for a pleasant surprise. We are quite sure that nowhere can you find a more complete stock of up-to-date patterns, and we are handling them in volumes big enough to enable us to buy at jobbers prices. Hundreds have candidly admitted that they paid more before the war than we are asking now, and we aim by right selling to make this department bigger and better every day.

Just Look at This!

Our "Majestic" pattern, Homer and Laughlin make, light weight semi-porcelain, with heavy gold edge and lace border, first selection, a complete 42-piece set which we have been selling fast at \$8.90, is offered for one day only at \$7.12 the set. Remember you can add to this set as you desire, and if you do not need the whole set, you can buy any part at a like reduction. Women cannot be fooled on china values and we want you to see this.

A Sale of Odds and Ends in Dishes

For years we have carried a few patterns of dishes of various makes. The patterns are broken and can't be replaced, and we have placed all these on a bargain table—cups, saucers, plates, platters, bakers, all are offered at your choice

10 CENTS EACH.

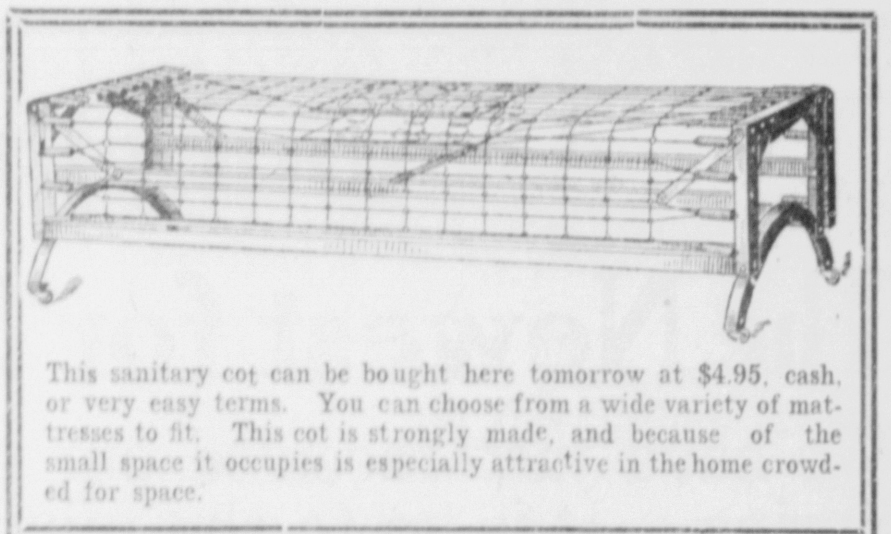

Some of these pieces could not be bought wholesale today at less than 50 cents.

Our patterns of dishes are all carried in open stock. You can buy and rest assured that two years from now, you can buy one cup or one saucer or one of anything else, at the same price, proportionately, as you can buy a 100-piece set. Have you seen our imported china sets in French and Japanese ware?

A Three Quart Covered Casserole at 41 cents

These famous Bristol body Casseroles are unexcelled for general baking purposes. Will stand the highest heat without breaking. We joined with a Minneapolis store in taking the output of a famous manufacturer who made them for a special order. If you can buy them anywhere else for less than double our price, you can have back your money.

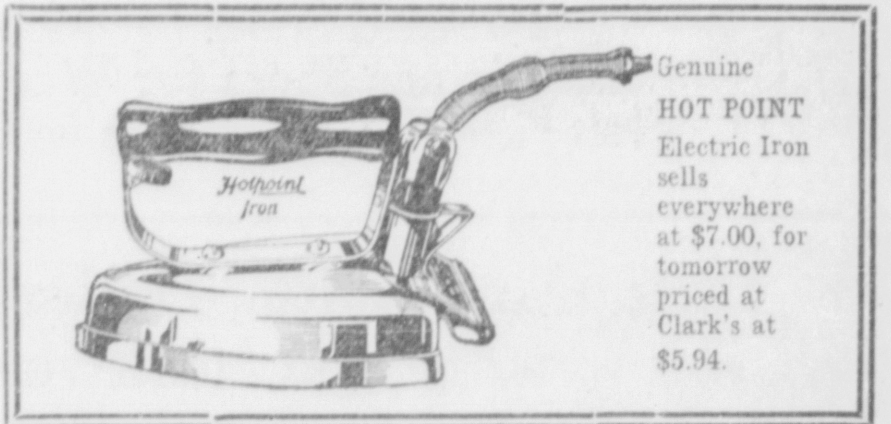

LIMIT TWO TO A CUSTOMER—NONE TO DEALERS

This sanitary cot can be bought here tomorrow at \$4.95, cash, or very easy terms. You can choose from a wide variety of mattresses to fit. This cot is strongly made, and because of the small space it occupies is especially attractive in the home crowded for space.

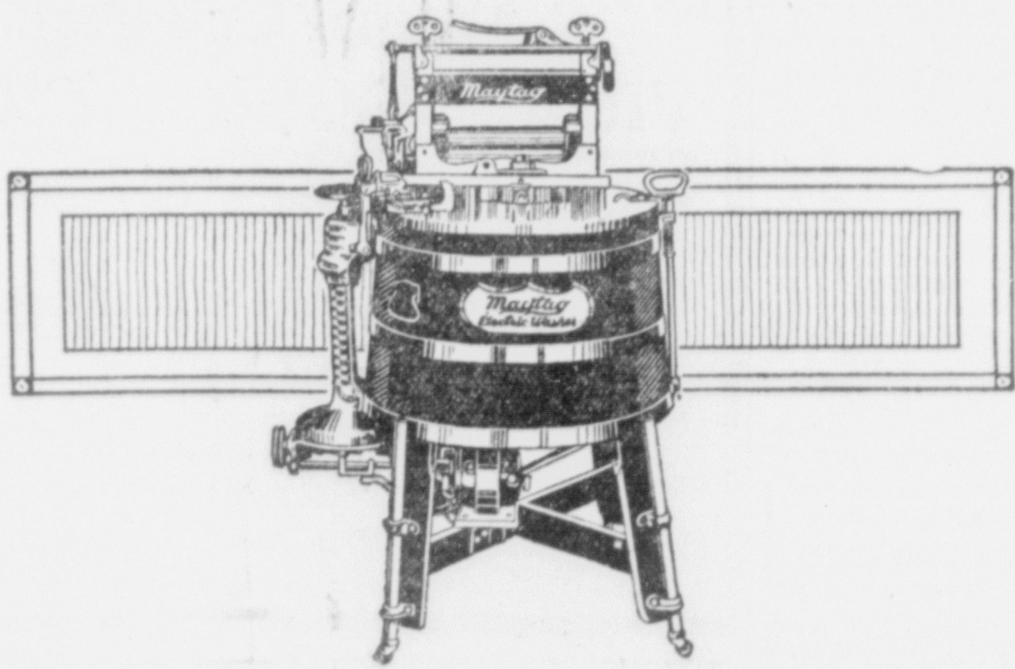

Our Extraordinary Combination Bed, Mattress and Spring special for Saturday

A full width, all iron bed in a choice of colors, a steel coil spring and a cotton top mattress, the three of which regularly retail at \$19.45, are offered at, almost the price of a bed alone, \$12.78. Only one combination to a customer and positively none sold to dealers.

Genuine HOT POINT Electric Iron sells everywhere at \$7.00, for tomorrow priced at Clark's at \$5.94.

Our showing of new patterns in Spring Wall Paper is interesting, and the prices we ask are pleasing indeed

SIMPLICITY, handiness and economy—all in a degree never before thought possible—are combined perfectly in the wonderful

Maytag Electric Washer
Swinging Reversible Wringer

It is truly the economic evolution of the home laundering problem. In principles of design and construction, the Maytag has achieved a standard of perfection which has made it the most widely used and highly praised washer in the world.

If your home is wired for electricity, there is every reason why you should have an electric washer and the convenience, efficiency and money-saving after-cost of a Maytag should make the choice of any other washing machine inadvisable, no matter what the price.

Let us explain what you ought to know about the Maytag. No obligation—absolutely.

Honestly priced at \$92.50, and you can use Clark's usual easy terms.

FRIDAY, MARCH 14, 1919

FOOD PRICES TO TUMBLE

Within the next 90 days food prices will tumble, according to a statement made by the government.

The great majority of Brainerd grocers of whom a few, very few, advertise, will undoubtedly expect the Dispatch to make public prices and to thus draw trade at no cost to their doors.

The Dispatch, during the war, gave columns of space to the publication of the Food Fair Price List. The war is over and the grocery business should publish its own prices.

In these days of reconstruction and high costs, people read the advertisements. In many a household father does the shopping. In this period of income tax payments every household will keep tab of what money is made and what money is spent.

There is flour for instance. Various prices are quoted on different brands. Take tomatoes. Exact amount contained in a can is stamped on the can. In the past a two pound can has often passed muster in trade circles as a three pound can, and a one pound several ounces can passed as a two pound can.

Every man in Brainerd eats, but the great question for Brainerd grocers to consider is: "Does he eat Brainerd groceries or catalog house supplies?"

The Dispatch regrets to see a lot of good grocery business slipping out of town, but what can you expect when the great majority of business men of this line of goods are a rate don't use enough printer's ink to soil their thumbs when it comes to heralding their store news to the public.

True, some say they don't have to advertise. Sure, you don't have to if you are content with the same trade, the same conditions and never make

an effort to combat the diverting of trade to Chicago or even Little Falls.

AUXILIARY TOWER

Probably the one and only outwardly impressive things about the entire new water-system will be the stand-pipe, or water-tower as commonly known. While the skill and genius of the world's greatest architect has not been called into service, the tower will be attractive just the same. Certainly a good, solid, concrete structure is preferable to a flimsy skeleton-like, steel structure. And so long as a ladder-way must be provided anyway, it might as well be a substantial stairway, one that will facilitate climbing and not retard or repel it. Being enclosed, and door locked, it can not become a run-way for kids, a trysting place for lovers, nor a loafing rendezvous for non-descripts. Finally, when entertaining distinguished visitors on rainy days, it will be perhaps a convenience to show them a view of Brainerd from above the clouds instead of splashing around the streets in an auto. These comments are not intended to minimize the practical value of the tower; for many years agitation has been rife to construct something of that sort to augment our present system and give better fire-protection. There is nothing new or unusual about using a tower; it is a necessity and is a familiar sight in all our neighboring towns—Crosby, Ironton, Deerwood and Cuyuna.

Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." They stop backache, rheumatic pains, soreness and stiffness. H. P. Dunn, mwf

WHY YOU SHOULD VOTE WATER WORKS BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

X

Reservoirs

The purposes of reservoirs are numerous. Reservoirs can be classed as distributing and equalizing reservoirs, according to their purposes, but any of them are used primarily to furnish elasticity to the distributory system. They are indispensable.

Reservoirs provide economy and safety. Often it is further economy to have several reservoirs. The economy develops in the pumping machinery at the source, also in the pipe-lines of the distributing system. It is cheaper to guard against troubles by having a reservoir than by duplicating more expensive parts of the system. It is a guard against interruptions at the supply-end of the system, while at the same time it enables settling and improves the water.

Many an otherwise well-planned water system has given poor and unsatisfactory service due to lack of reservoirs. It is a guard against break downs of all sorts. It enables resting the main pumps and saving electric current. It insures having water in your lines upon all occasions, especially when most needed.

The capacity of a reservoir is determined by the demand you try to equalize, whether hourly, daily, or more than a day. For fire-supply it is necessary to have more than merely for a maximum daily commercial consumption, which in the largest cities is rarely over 3 hours. For towns in a merely flat region, smaller capacities are the rule.

The most advisable arrangement is to have one large collecting-reservoir near the pumps and another, smaller but elevated, nearly centrally in the town and on the large-sized pipe line.

For a collecting-reservoir at the pump station, we will have a reinforced steel concrete reservoir, with a cover, built virtually right on the surface. It will be 75 feet in diameter but only 6 feet above the ground and have a capacity of 800,000 gallons.

The elevated reservoir sometime called a stand-pipe or elevated tank or "water-tower," will be located

down town, as near centrally as possible. The height of this reservoir depends upon the pressure required in the mains. The one planned for Brainerd will be of concrete and stand 134 feet above the ground. The tank itself will be 40 feet in diameter and rest on a concrete column 28 feet in diameter. The tank will store 300,000 gallons, enough to take care of our greatest demand for 6 or 8 hours. By throwing a switch at the pump-station, this reservoir can be cut out immediately, as in case of fires; or, if repairs on the line are being made and pumps therefore cut out, the tank will deliver water and pressure for fire fighting. This tower will be of an attractive design, and with a stairway provided inside of the column it will be possible to ascend to the balcony 100 feet above the ground and give people a bird's eye view of Brainerd.

Trials of a Peacemaker in Two Chapters

(By United Press)

Washington, March 12.—The pacificity of the "war babies" of Europe—those nations which have come into being or hold the reins of freedom as a result of the war—is the main obstacle in the path of President Wilson's first peace point—open diplomacy.

Because of the feeling between the Czechs-Slovaks and the Italians; the Czechs and Poles; Poles and Germans; Poles and Russian Bolsheviks, to say nothing of other embroglios about which less is known and still less can be written at this time, the problems of open covenants openly arrived at present its hazards.

The chief danger in discussion is the open of territorial readjustments. With many of these small nations now "seeing red," it is pointed out that open warfare might spring up in the heart of Europe again if the peace conference were to deliberate on the readjustments publicly.

President Wilson himself indicated the situation when the allied press in Paris were fighting for open sessions of the conference. It was his view, supported by the other allied statesmen then, that it would be impossible to publish to the world piecemeal the discussions of boundaries. They held that all boundaries must be completely settled before any could be announced because, in reestablishing boundaries, most of Europe is involved in disputes over which, at some points in the interior actual fighting is now going on. Only by waiting until the whole program is worked out, it is claimed, can it be shown that, where one nation is forced to give up a disputed territory, it may profit otherwise and the petty wars be avoided.

(Chapter II tomorrow)

Teach Use of Limbs

(By United Press)

London, Feb. 20 (By Mail)—Schools to teach use of artificial arms and legs to thousands of mutilated war heroes are springing up all over England.

The pensions ministry pioneered in this work when it established a school at Charterhouse military hospital.

The government also is encouraging private experimentation to develop new types of arms of still greater usefulness.

"More types are being developed daily," says Sir Charles Henderdine, director of the artificial limb department of the pensions ministry.

"Our biggest difficulty is persuading men to persevere in learning how to use artificial legs and arms. They are at first uncomfortable and cumbersome. This soon discourages the ordinary man, who begins to feel he had better get along without the appliance."

A month's training, however, usually convinces the experimenting soldier the appliances enables him to do many things he couldn't without it, Sir Charles says.

Very many men find the man-made first seemed impossible without the natural number of sound members.

Oyster Mystery Explained.

We are told that oysters are sensitive to extremes of heat. Which explains why you run across so few of the little darlings in a bowl of soup.—Knoxville Journal

Stopped Cough After Influenza

"Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn. "My son had influenza. He had the worst kind of a cough. I tried everything but nothing did any good. God sent me a friend with Foley's Honey and Tar, and in two days his cough was gone." H. P. Dunn, mwf

KIMBALL PIANOS

PRE-EMINENT in the home—more than 300,000 in use. PRAISED by world-famous musicians. PERFECT in tone and action. POPULARLY endorsed for durability. PLEASING variety in case design.

The KIMBALL is manufactured in all its parts in the factories of the W. W. Kimball Company—hence is safely guaranteed.

Havana Editor Sees Danger Ahead in Paris

(By United Press)

New York, March 14.—"It must be confessed at this moment that we do not know whether we are writing another chapter in the history of the war, or its last page."

This view of the possibilities of the peace conference and of the international friction that may develop among the victorious powers is expressed by Oreste Ferrara, Cuban jurist and editor, in his new book, "Lessons of the War and the Peace Conference." Ferrara is professor of public law in the University of Havana, and editor of El Heraldo, a powerful Havana daily.

The Cuban writer sees grave dangers in the discussions of commercial freedom that must arise at the conference. This question he describes as a "rock for the League of Nations to split upon."

"Although theoretically all are strongly in favor of the greatest commercial freedom, we fear that, if carried to an extreme point, there will be much division of mind upon the subject," says Ferrara. "The idea is evidently unfavorable in the United States—'Dollar Diplomacy' is not yet dead in the United States.—No attention has been paid by the Republican party to the vigorous and convincing speech of ex-President Taft."

The book was translated and prepared for its American editor by Leopold Grahame, the well known writer on international topics.

Spring Cleaning Time is Here
 If a house needs spring cleaning, how about the human body after a winter of indoor life and heavy food? Don't suffer from indigestion, biliousness, bad breath, bloating, gas or constipation, when relief can be so easily had. Foley Cathartic Tablets clean stomach and bowels and tone up the liver. H. P. Dunn, mwf

DRINK HOT TEA
 FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 50 cent bottle of old, honest "St. Jacobs Liniment" at any drug store. Pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

ELECTION IS BUT A FEW DAYS AWAY

Political Dope as Heard from Various
Sources, Some Being Rumors
Reverberating About

LABOR TICKET GETS 'EM BUSY

Dispatch Subscriber Makes Reference
to Labor Platform Favoring
Returned Soldiers

The announcement of the labor ticket has at length stirred up politics in Brainerd.

Election day comes Tuesday, April 1. No matter what candidate you vote for, be sure and vote "yes" on the waterworks bonds.

Louis Hohman will be a candidate for the school board in the first ward. James R. Smith, formerly an assessor of Brainerd, has been approached to be a candidate this election. Mr. Smith is a real estate man of experience and acquainted with the town and realty values.

Hugo Schwartzkopf is a candidate for re-election as assessor.

Frank G. Hall, present alderman of the second ward, was nominated as a candidate at the first meeting of the labor party and omitted at the second meeting. Mr. Hall will run just the same.

F. M. Koop, four years an alderman, is being sought to run for mayor. He was chairman of the finance committee two years and president of the council two years. Mr. Koop is 32 years old.

Col. A. J. Halsted, four times mayor of the city, has been approached to be a candidate. Three times the colonel has been endorsed by three political parties, several times by organized labor. One gratification to the colonel has been the fact that his vote has increased at every election.

Judge Walter F. Wieland will be a candidate for re-election as municipal judge.

The labor ticket endorsed no one outside its union circles. In the second ward a question arose of endorsing Mrs. W. H. Gemmell as a candidate to the school board. No action was taken on this or on municipal judge.

Henry Clarke writes the Dispatch this criticism of the Labor party's platform: "One of the platforms of the Brainerd Labor party calls for city work to be given to returned soldiers in preference to any one else—a mighty good and patriotic plank. George Berggreen, a returned soldier and out of a job, asks to be elected to the office of city treasurer. The labor party, however, puts up a man (and a good one too) who is making a good living at his trade for the same office. Gentlemen of toil, let us be fair, and ask Mr. Hise to withdraw in favor of our returned soldier, and thus live up to a good plank in our platform."

Archie Purdy it is reported will be a candidate for school board in the fifth ward.

March 22 is the last day to file for office for the city election April 1.

The first filing with City Clerk Anton Mahlum is that of Judge Walter F. Wieland for re-election as municipal judge.

Many may not understand about the school board. The terms of five expire and five others hold over. Those who hold over are R. R. Wise, of the first ward; George D. LaBar, of the second ward; Hugo A. Kaatz, of the third ward; Sam Engbretson, of

the fourth ward, and Rev. Eloy G. Carlson, of the fifth ward. The members whose terms expire are Louis Hohman, of the first ward, who is a candidate for re-election; R. J. Hartley, of the second ward; Elmer Forsberg, of the third ward; Wm. T. McCloskey, of the fourth ward, nominated by the labor ticket; Archie Purdy, of the fifth ward, who is a candidate for re-election.

In the Water & Light Board Carl Zappie serves a two year term, A. A. Arnold a four year term and A. A. Weidemann's term expires on May 1. William V. Turcotte has been suggested for mayor. Mr. Turcotte would be an ideal young man's soldier candidate. He is expected home by April 1.

MAYOR R. A. BEISE NOT A CANDIDATE

In Interview Given the Dispatch he
Said he Was Grateful to People
for Honors Paid Him

HAS BEEN MAYOR TWO TERMS

Duties Were Many During War
Times, Served as City Chairman
on Every Loan Drive

In an interview Friday, Dr. R. A. Beise stated he had declined to consider being a candidate for a third term for mayor of Brainerd. Mayor Beise has given universal satisfaction in his administration of affairs, rendered arduous and of many activities during the recent war period.

Four times he has served as city chairman of the Liberty Loan drives and has again been named for the Fifth Loan. He has also aided in numerous other campaigns.

"I have had two terms as mayor," said Dr. Beise, "and have done my best to carry out the requirements of the office. The office is deserving of more time and attention than I can give it. I appreciate deeply the honor conferred on me by the people in twice electing me to the position."

"This coming term is one of the most important in the history of the city of Brainerd. Under the new charter the city gains more revenue, the council will be better able to do things. A necessary thing to be considered is street improvements and it should be done quickly and properly."

In addition to his many other duties, Mayor Beise served on the draft board when Dr. Evert was called to New York.

ANNUAL MEETING

Of Evergreen Cemetery Association.
To the lot owners of Evergreen Cemetery Association:

The annual meeting of said association will be held in the office of the president in the Probate Court room in the city of Brainerd, in the county of Crow Wing, on Tuesday evening, April 1st, 1919, at 8 o'clock sharp.

This meeting is for the purpose of electing trustees, they in turn to elect the other officers of the association, and to transact such other business as may be for the best interests of the association. Every lot owner is a member of this association and is hereby requested to be present and offer any suggestions that will be for the best good of the last resting place of our beloved dead.

Fashion's Approved Garments and Millinery For Your Inspection on Saturday

From New York, from Cleveland and from Chicago manufacturer of womens garments we have gathered together a selection of spring garments which appeal to women desiring style and service at a reasonable price. Our receipts of garments during the week has made selections excellent.

Our New Suits

Women have such a splendid variety of styles to select from this year. The new box suits, the semi belted styles, the belted styles and the plain tailored models. We have styles for every figure and sizes from 16 to 46.

Our New Dresses

We have some surprises in store for those wishing silk dresses for less than \$20.00. Then we have another assortment of the very newest styles and shades at from \$20.00 to \$55.00. You will find great satisfaction in selecting from these garments.

Our Tweed Coats

As long as women ride in auto's they will demand a coat of style and one which at the same time gives more service than the plain colored garments. This combination is found in our tweed coats. We have some very pretty ones.

Our New Coats

Not just one style of coats to select from this year. The capes are decidedly new and girls are particularly fond of them. The Dolmans are delightfully different and many are purchasing them. Then we have the regular coats.

Our New Skirts

The separate skirt is such a very practical garment. No matter what garments may have preference skirts have a place no other garment can meet. Our skirts are in silk and wool cloths and are priced from \$5.95 to \$27.50. These merit consideration.

Furs for Spring

Fashion has again decreed that large scarfs should play an important part in the spring garment display. This two season demand has, as usual, made furs scarce and prices higher. We however, have some excellent scarfs at last years prices.

Millinery Special--Hats at \$5.00 to \$6.95

Just to develop a little early business we are offering some unusually good values at these popular prices on Saturday. Every hat has the style demanded this season. In order to make this section lively Saturday we will offer styles above the ordinary to secure your attention. At from \$5.00 to \$6.95 you will find a wide selection of beautiful trimmed hats.

CLEAN MEN IN ARMY THE RULE

General Orders of the War Department
Prove This, Kept Troops
in Best Efficiency

SURGEON-GENERAL'S REPORT

As High as One-Fourth Total Sickness
in Army in Past Has Been Due
to Venereal Disease

The effect of venereal disease on a man's health will be shown at the army pictures at the Park theatre tonight, being two shows 7:30 and 9 o'clock, and both free. The pictures are displayed under the auspices of the Northern Pacific Beneficial association.

The army early recognized the need of keeping its men free from venereal disease. The Surgeon-General's report shows that as high as one-fourth of the total sickness in the army has in the past been due to venereal diseases. Since war was declared against Germany over thirty thousand men have been on sick report because of these diseases. That means a loss of more than five hundred thousand days of military training besides the costs of treatment and loss of pay of the infected men. It means more than that in this war because it is not practicable to take a man having venereal disease to France until he has been treated, and this often breaks up the team work of his squad.

Here are war regulations which speak for themselves:

GENERAL ORDERS NO. 17.
2. Commanding officers will require that men who expose themselves to the danger of contracting venereal disease, shall at once upon their return to camp or garrison report to the hospital or dispensary for the application of such cleansing and prophylaxis as may be prescribed by the Surgeon General. Any soldier who fails to comply with such instructions, if found to be suffering from a venereal affection, shall be brought to trial by court-martial for neglect of duty.

Extracts from Special Regulation No. 23:

1. Efficiency of Military Establishments.—That the efficiency of a military establishment is in a direct ratio to the physical fitness of its in-

dividual units has never before been demonstrated so forcibly as it has been during the present war.

2. Demands of Modern Warfare.—In the end it will be discovered that it is the man, the carefully trained and conditioned man, who alone can make victory possible.

7. The possession of robust health and organic vigor is not, however, sufficient for the field soldier; his profession requires that he also possess more than the average amount of muscular and nervous strength, endurance and fortitude, against which he may draw in time of stress.

Sagamore Hill, May 5, 1917.
When our troops go to war our effort must be to appeal to their sense of self-respect and of duty; let us effectively endeavor to make them realize that it should be a matter of honorable obligation on them to live cleanly and decently, keeping themselves fit to be citizens when they return home, and at the highest pitch of fighting capacity while the war lasts.

Faithfully yours,
(Signed) THEODORE ROOSEVELT.

***** BRAINERD'S ODDEST STORIES OF TODAY *****

Young Art Dargan, popular day clerk of the Ransford, is of studious mind and whenever he has the chance, as that don't come often 'cause they're so busy at the hotel, he studies by himself. The reporter thought he was reading some novel the cigar clerk had loaned him. Instead of that it was a volume on theology. Mr. Dargan said he had a leaning towards the ministry. Friends who knew him well in Hibbing never were aware of this and it also surprised many of the boys here in Brainerd. As a hotel clerk Mr. Dargan is a success, remembering names and faces, dates and figures, rooms, prices, etc. Others believe all Art was studying up on, as the spring days are coming, was the ring service.

POLICE CHIEF AT PARK THEATRE

Former Chief Louis Harthill, of Minneapolis, to Give Inside Facts on
Police Work in Big City

CRIME, VICE, DOPE DESCRIBED

Lecture at Park Theatre Tuesday
Evening, March 18—No Children
Under 16 Allowed

Former Chief Louis Harthill of Minneapolis, will lecture at the Park theatre Tuesday evening, March 18, on inside facts of the police department, as it is today in a big city where vice, crime and dope often prevail. He has a message on the prevention of crime, on the treatment of children and every parent, teacher and minister in Brainerd should hear him.

Children under 16 will not be admitted. Admission is 50 cents and all seats will be reserved.

This copy of a letter will explain the humanitarian side of Chief Harthill's makeup:

Minneapolis, Minn.,
January 6, 1919.

Louis Harthill, Esq.,
Minneapolis, Minn.

My Dear Friend:

Today you lay down your duties as chief of police of the city of Minneapolis. Well may these words apply to you. "Well done, thou good and faithful servant." I want to thank you for the cordial manner in which you have co-operated with the courts in the uplifting of the way-faring men, making his burdens lighter, not heavier; not sadder. You are to be commended for the deep interest you have taken in the children of our city, making the patrolmen their friends and benefactors and not a person to be feared and avoided by children.

May the courtesies you have extended to others, the deep interest you have taken in the welfare and uplifting of others and the love that has gone forth from you to the children of our city be returned to you ten fold. Our acquaintance and friendship shall ever be a cherished remembrance.

Faithfully your friend,
C. L. SMITH,
Judge of Municipal Court.

Aztec Emeralds.

Among the Aztec treasures of Mexico were found many fine emeralds. They were exquisitely cut, and it is from this source that the magnificent emeralds now forming part of the royal collection of Spain are supposed to have been taken.

HOW DIAMOND CUTTERS WORK

Three Distinct Processes Before the Rough Stone is Considered Fit for Personal Adornment.

Few people who wear diamonds know the story that lies behind them. To most of them the diamond is an agreeable means of personal decoration—something that attracts the eye in a jeweler's window and is purchased at an hour or so later in its comfortable setting of platinum or gold.

But let us see what lies beyond. Let us glimpse the long road that stretches between the miner and the wearer. There are three processes in the conversion of the rough stone into flashing brilliance. The first one consists in cleaning the course stone of defective parts and splitting off the flaws. The second is the cutting, which gives the stone its form and, in a rough way, determines the number of faces it shall have. Finally, there is the polishing, which gives to these faces their clearness and brilliancy.

The sawyer, when he finds a flaw, inserts the diamond into a sort of a cup filled with a fusible cement. Then, by means of an instrument furnished with a recently cut diamond, the edge of which projects sharply, he rubs on one of the stones the pointed end of the other, after which he strikes lightly in order to separate the two pieces.

The cutter uses somewhat similar instruments to the sawyer. He forms only about one-half of the faces, leaving it to the polisher to form the remainder.

The diamond is then polished on an iron plate rotating rapidly and impregnated with diamond dust and oil. It is set in an alloy of lead and tin in the form of a cone, of which the stone occupies the summit. The operation, as described in the Modern Hospital, takes a long time and requires the exercise of extreme patience, but the result is certainly in every sense of the word a "brilliant" one.

Father Helping All He Can

"Two of my sons are in the war. I am doing all I can to help my country, as well as Mayr's Wonderful Remedy, which I can thank for my present good health. I suffered 5 years with most serious stomach trouble and bloating. Am recommending it to all sufferers." It is a simple, harmless preparation that removes the catarrh mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

FEAR FOE WILL TRAIN OFFICERS

French Afraid All of 100,000 Army Allowed by Allies Will Be Leaders.

COULD COMMAND MANY

10,000 Young Germans, Virtually Veterans, Could Be Called Quickly and Big Force Would Be Ready to Lead Them.

Weimar, March 14.—Germany has named as delegates to the peace conference Count von Brockdorff-Rantzau, the foreign minister, Dr. Eduard David, majority socialist and first president of the national assembly, Dr. Adolph Warburg, Dr. Adolph Muller, minister to Switzerland, Professor Walther M. A. Schuecking of Marburg university, and Herr Geisberg, minister of posts and telegraph in the Prussian ministry.

Paris, March 14.—French newspapers regard the proposed volunteer system providing for a German army of 100,000 as a "potential and stupendous St. Cyr (the French West Point)." They declare Germany could easily maneuver the system so as to permit only officer material to enter the standing army, which would become in reality only an officers' camp, yielding in four or five years the equivalent of 100,000 West Pointers.

These would be sufficient to command an army of 10,000,000.

France cannot forget there are several million comparative youngsters in Germany who can already be regarded as veterans. In addition, it is feared the 12 year term of enlistment would encourage young men to make army life their profession. Admittedly, it is practically impossible to prevent continuation of Germany's shooting and turnverein organizations, which in the past were only thinly disguised military training centers.

Germany, the French point out, could disguise the turnverins and use them as schools for privates, with the volunteer army as an officers' university. Thus, should the Allies consider Germany disarmed and proceed to disarm themselves, Germany at once would become an immense standing peril.

The French press generally prefers to have conscription retained in Germany, under Allied control.

Big 10 to Fix Boundaries.

Paris, March 14.—The council of the five great nations has decided the question of the Turkish boundaries shall not be passed upon by the boundaries commission, but shall be acted upon by the supreme council.

The boundary between Albania and Yugoslavia also has been reserved for action by the supreme council and will be considered together with the entire Adriatic question and the determination of the boundaries of Italy and Yugoslavia. The west German boundary also has been reserved for action by the supreme council.

SIGNS FEDERAL RAIL PACT

Milwaukee Line Last of Big Roads to Accept Terms.

New York, March 14.—Directors of the Chicago, Milwaukee & St. Paul Railway company authorized the signing of the standard contract with the Railroad administration, a matter which has been long pending. The compensation to be paid the company under this contract, including about \$440,000 additional compensation for improvements on Rocky Mountain lines, will be slightly under \$28,000,000 annually, it was announced.

This road is the last of the large railroads to sign the contract.

ALIENS WILL BE DEPORTED

Secretary of Labor Wilson Affirms Cases of Thirty-seven.

Washington, March 14.—Decision to proceed with the deportation of 37 of the 43 undesirable aliens now held at Ellis Island was reached by Secretary Wilson after a conference with immigration officials. Attorneys for the aliens had asked review of decisions in all cases.

Final judgment in the cases of the other six aliens was withheld pending the admission of certain evidence. It was announced that some of the six might be released.

KAISER IS TURNED DOWN

Refused Him Asylum Before Signing of Armistice.

Washington, March 14.—William Hohenzollern, two months before the armistice was signed, planned an asylum in Sweden, but was prevented from going to that country by the Swedish government, diplomatic advisers, just made public, disclose.

Anarchists Break Up Meeting.

New York, March 14.—Bolshevik sympathizers broke up an anti-Bolshevik meeting in Webster hall, a which Mme. Catherine Breshkovskaya, "Grandmother of the Russian Revolution" and General Oberolteufel were speakers. Heckling from the floor developed into general and violent abuse of the speakers. The police endeavored to keep order, but this action brought renewed and more vigorous outbursts. Finally, after a call for police reinforcements, the hall was emptied.

EBERT FORCES VICTORS

Reported to Have Overcome Spartacists in Berlin Fighting.

Heads of Decapitated Persons Said to Have Been Carried in Streets by Anarchist Women.

Copenhagen, March 14.—According to a Berlin dispatch, German government forces, after lively fighting, have succeeded in driving the Spartacists out of the east end section of Berlin.

Considerable quantities of arms were captured. The losses on the government side are declared not to have been heavy.

The behavior of the Spartacists in Lichtenberg was worse than the Bolshevik cruelties in Russia, Berlin advisers say. All well dressed citizens appearing in the streets were robbed and many were killed. Several persons were decapitated and the heads were carried through the streets by female Spartacists. The government troops, it is added, continue to kill every prisoner they take.

London, March 14.—A wireless dispatch received from Berlin reported that War Minister Gustav Noske, replying to a request by the Spartacists for armistice terms, said the only conditions would be "unconditional surrender, including all arms."

A Copenhagen dispatch says that the nature of the fighting between government troops and Spartacist bands in the eastern suburbs of Berlin seems to indicate that local Spartacist groups have been formed for "no other purpose than to plunder the city."

An Amsterdam telegram received here says a Spartacist adherent was captured and in his possession were found jewels valued at \$200,000. The message adds that the man was executed.

ALLIES SELL SUBMARINES

Dispose of German Vessels and Will Divide Money.

London, March 14.—Additional German submarines will be sold and the money distributed among the Allies on a scale to be adopted by the Supreme council, it was announced in the House of Commons by T. J. McNamara, parliamentary secretary to the admiralty. Mr. McNamara stated that already 54 German submarines had been sold.

The Supreme council at Paris, the parliamentary secretary added, had not yet decided what was to be done with the other German warships.

DAILY MARKET REPORT

Minneapolis Grain.
Minneapolis, March 14.—Oats: May, 63¢; Rye: May, \$1.50; Barley: choice, \$5.88; Corn: No. 3 white, \$1.34; No. 3 yellow, \$1.37; No. 3 red, \$1.34; No. 3 white, \$1.37; No. 3 yellow, \$1.37; No. 3 red, \$1.34.

Duluth Flax.
Duluth, March 14.—Flaxseed, May, \$3.66; July, \$3.53.

Chicago Grain.
Chicago, March 14.—Corn: March, \$1.48; May, \$1.41; July, \$1.36; Oats: March, 63¢; May, 64¢; July, 64¢.

South St. Paul Livestock.

South St. Paul, March 14.—Estimated receipts at the Union Stock Yards: Cattle, 4,500; calves, 2,000; hogs, 14,600; sheep, 700; horses, 1; cars, 400. Steers, \$7.25@15.00; cows, \$8.50@12.75; calves, \$7.00@16.25; hogs, \$18.75@18.85; sheep and lambs, \$8.00@18.00.

Eggs—Steady; receipts, 27,793; fresh gathered, extra, 43¢@43½¢. Cheese—Firm; receipts, 4,817; state, current make, specials, 32¼¢@32½¢; do average run, 31¼¢@32¼¢.

\$57,900,000 Spent on Powder Plant.

Charleston, W. Va., March 14.—Figures compiled by government experts show that up to Feb. 1, \$57,900,000 had been spent on the great smokeless powder plant at Nitro, near here, which has now been abandoned.

Douglas Is Outpointed.

Little Rock, Ark., March 14.—Eddie Coulon of New Orleans defeated Jack Douglas of Milwaukee in the seventh round of a scheduled 10-round bout at Camp Pike.

BLOWERS OF SOAP BUBBLES ARE MANY

ALL SORTS OF LIES ABOUT THE ARMY ARE TO BE HEARD IN THE NATIONAL CAPITAL.

SAMPLES OF THESE RUMORS

Extravagant Stories of Injustice to Officers and Soldiers That Arouse Indignation of Credulous Civilians—Congress Believed Many of Them.

By EDWARD B. CLARK.

Washington.—In the current issue of The Come-Back, a bright and jolly newspaper printed by and for the patients at the Walter Reed Army General hospital, there is a cartoon entitled "Bank."

It is a good cartoon. It shows Dame Rumor, ill formed, as she is ill informed, and Old Man Gloom, penuriously fleshy, blowing soap bubbles which are labeled with lies. The bubbles burst aloft, but not until the populace has had a look at them, has read the inscriptions and is properly impressed.

Washington is full of soap bubble blowers. They dip their pipes in a pipe-dream mixture. Their product sets all the women of the town wailing and many of the men swearing. "Can such things be?" asks every old lady, looking up from her knitting. The men responsible ought to be hanged, says the man on the street. Dame Rumor and Old Man Gloom are the precious pair which ought to be strung up to keep company with the memory of Haman.

There is nothing extravagant in the method of setting forth cartoon-wise the facts in the Washington scandal-monger case so far as it relates to the army. This has nothing to do with preparedness or lack of preparedness, or constructive criticism of army methods or anything of the kind. It has to do simply with the lie factory which is working in Washington concerning present-day affairs in the big army which Uncle Sam still commands, and with that other big army which he has just let slip from his control.

Some "Busted" Bubbles.

Today one hears that a certain officer of the United States army has been put back to his old rank in the regular army because he testified before a committee in congress. Nothing doing. It seems to be a pretty safe assumption that if all the facts in this and some few other cases of like kind shall be given to the public it will find content in the knowledge that justice has been done.

One of the "busted" bubbles is the yarn that many of the soldiers, poor chaps, believed that they were going to be put into labor battalions to break stone and to do other things, with all the proper accompaniments except a ball and chain attached to the "first-foot-forward" leg. Another of Old Man Gloom's products which did its work before its final dissolution was the story that the insurance of all men would stop the instant that they were discharged. Still another was the tale which found credence in this town that large numbers of our heroes of Chateau Thierry, the Vesle, the Argonne and the Ardennes were to be ordered instant to Siberian exile.

Back in the early days of this country's participation in the war the intelligence service of the army was kept "double-timing" 24 hours a day in an attempt to overtake and to kill the wild tales of German sympathizers and of Americans who believed and passed on what German sympathizers told them.

Today no one knows whether Dame Rumor and Old Man Gloom are German sympathizers or not, but they are doing their work just about as well from the enemy point of view as if they were staff officers in the pay of the government beyond the Rhine.

Swallowed by Congress.

Congress at its last session believed lots of the army stories that were afloat. Soap bubbles float, as any one who has been a child—some people never were children—knows. Army officers who attempted to refute some of the stories privately—they are not allowed to do anything of the kind publicly—were told by the credulous ones that they were trying to excuse themselves for "not treating the enlisted men right."

The other day in Washington two one-legged soldiers were making their way contentedly on their crutches down one of Washington's attractive avenues. A good lady saw them and instantly said, "What a shame." On talking with her I learned that she believed that nothing was being done in the way of "first-riding aid" for the lame and the halt who today are at Walter Reed hospital in this town.

The two one-legged soldiers were walking with the aid of their crutches and were walking probably because they wanted to walk. Any day one can see hundreds of the maimed riding in the limousines and the lesser cars of the men and women in this town who can afford to own cars and who have the heart to loan them.

If one wants to hear complaints about the present-day treatment of our soldiers by their officers and the authorities generally, he must go to somebody who is not a soldier, or to somebody who while in the ranks, or while carrying the commission of Uncle Sam, was not a soldier. Khaki does not make a soldier.

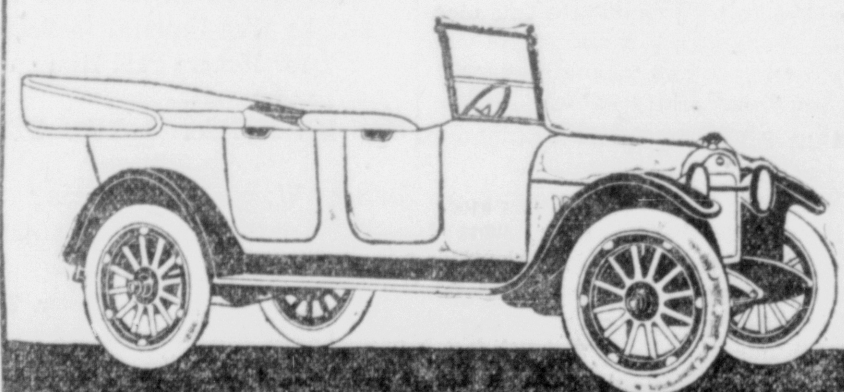

Greater London's food bill amounts to more than \$30,000,000 a week.

HIGH POWER for HIGH UTILITY

An index of the immense ability and usefulness of this all-family automobile is the fact that it has more power in proportion to its weight than any other car built, save one costing more than \$3000.

Touring Car, \$1075... Roadster, \$1075... Coupe, \$1650... Sedan, \$1650
Additional for Wire Wheel Equipment, \$75. F. O. B. Pontiac, Michigan

SENSIBLE SIX

WILL NEVER PLAY BASEBALL

Christy Mathewson Gives Reasons Why the French Are Not Likely to Take Up Game.

France, the country that went through the fighting of the biggest war in history without batting an eye, will never adopt baseball as a national pastime because the game is "too rough." This was learned from no less an authority than Capt. Christopher Mathewson, who arrived at New York recently.

Although the Pollux have bravely attempted a few games under American tutelage, "they're more afraid of a hard-hit liner or grounder than they are of a German 77," according to Mathewson. "Their infield work is rotten," said Christy. "They can run bases all right, but they get little opportunity, because they can't bat. And I don't believe you could pick up a first-class catcher in all of France. Every time a Frenchman gets behind a bat he wants to retreat about ten paces, erect a barbed-wire entanglement, dig himself a dugout and crawl into it.

"No, the Frenchman will never take to baseball in a big way. He prefers something gentle, such as football and dmeling."

OLD PAPERS—5c BUNDLE

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 47 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

State of Minnesota, county of Crow Wing, ss, in Probate Court.

In the matter of the estate of Frank Thiemes, decedent:

The State of Minnesota, to all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the person thereunto entitled. Therefore, You, and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Brainerd, in the County of Crow Wing, State of Minnesota, on the 24th day of March, 1919, at ten o'clock a. m., why said petition should not be granted.

Witness, the Judge of said Court, and the Seal of said Court, this 27th day of February, 1919.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

"HARD SKIN" AND FOOT CALLOSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers. Corns also!
